Graduation Requirements Summary

Minimum T Hours	otal	Minimum Major Requirements Hours	College & Program Requirements Hours	Carolina Core Hours ^{3 & 5}	Minimum Institutional GPA
120		62	21-27	31-37	2.75

- 1. Regardless of individual course grades, students must maintain a minimum 2.75 cumulative GPA.
- 2. Some colleges require a minimum GPA for major courses. Courses indicated below are included in the major GPA for this program of study. A 3.0 GPA must be achieved in all education courses.
- 3. The <u>Carolina Core</u> provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students. Although students may take up to 43 hours to meet all Carolina Core requirements, students in the Elementary Education program must complete two Carolina Core approved "overlay-eligible" courses in order to graduate on time and avoid summer courses or taking more than five courses in some semesters.

1. Complete 10 hours in science (at least one course must include a lab). One Life Science, one Physical Science and one Earth Science are required.

- Students in the Department of Instruction and Teacher Education will be allowed to repeat one time only, one course offered through a department in the College of Education for which an unsatisfactory grade was earned. If after the first unsatisfactory grade, a student makes an unsatisfactory grade in the repeated course or any other College of Education course, he/she will no longer be eligible to progress in the program.
- All initial teacher licensure programs in the College of Education require extensive field experiences in P-12 schools. All students must read and understand the rules and expectations outlined in the Preservice Teacher Education Clinical Experiences Manual. Prior to participating in school field experiences, students must have been cleared through a criminal background check and must have a negative test for TB on file with the College of Education.
