Graduation Requirements Summary

Minimum Total Hours ⁷	Minimum Major Requirements Hours ⁷	Minimum College & Program Requirements Hours	Carolina Core Hours	Minimum Institutional GPA
128	27	58-70	31-43	2.800

- 1. Regardless of individual course grades, students must maintain a minimum 3.65 cumulative GPA at the end of their first year (fall, spring, summer term) followed by a 3.500 at the end of the third semester.
- 2. Some colleges require a minimum GPA for major courses. Courses indicated in this column are included in the major GPA for this program of study.
- 3. Students who do not place into MATH 122 or MATH 141 and do not bring in additional advanced credit may need to enroll in 18 hours each term freshman year.
- 4. Students in the International Business: Middle East and North Africa Business major must complete a minimum of four 300-level or higher Arabic language courses as part of their required program components. The Arabic Language Placement test will determine at which level the student will begin. Foreign language courses can be part of the required directed coursework, which may consist of courses toward a minor, cognate, or other coursework. The language requirement for the MENA program is heavily dependent on incoming language level. If students enroll at USC with A4 on their Arabic placement test, they are not required to participate in both summer language institutes. Only one may be required based on evaluation of proficiency.
- 5. The Carolina Core provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students.
- 6. International Business: Middle East and North Africa Business majors are required to study abroad in the 3rd and 4th semesters, as well as in the summers before the 3rd semester and following the 4th semester. Course selection is subject to availability at partner school with advisor approval.
- 7. International Business majors are required to complete a second functional major in the business school. Total program hours and number of courses may vary, depending on the major chosen. Based on choice of major and entering language ability, students may exceed 15 hours some semesters and/or need summer coursework. However, many students bring in AP/IB credit to satisfy some course requirements.
- 8. Functional Courses (3 hours): ACCT 506, IBUS 401, 402, 403, 405 (or MGSC 405), 430, 432; MGMT 406; ECON 503, 504, 505
- 9. Thematic Courses (3 hours): IBUS 422, 423, 424, 425, 426, 427, 428, 429, 431, 433, 434, 435, 521

Program Notes:

- Courses identified as "critical" must be completed with a grade of "C" or better in the student's first year in the Darla Moore School of Business in order to continue in the Business School.
- · Admission to the International Business Middle East and North Africa Business major is highly competitive and enrollment is limited.
- Students may choose to complete a Business Analytics Concentration (12 hours) in conjunction with the functional major. Please consult with an Academic Advisor or the department on the courses recommended for individual majors.
- Business courses may be repeated only once. Students may appeal to take a course for a third time and must see an advisor to complete the appeal process.
- Students must complete nine hours of international-focused courses. These courses can be satisfied within the 128 required hours and do not require additional coursework. At least three credits must be a Business or Economics course at the 300-level or above. The remaining six credits can come from: a) two Carolina Core courses OR b) two 200-level or above foreign language course(s) in the same language. For a complete list of the these courses, please visit: http://moore.sc.edu/academicprograms/undergraduate/globalexperience/internationalrequirement.aspx
- The last 30 credit hour in-residence requirement is waived for this program of study.

University Requirements: Bachelor's degree-seeking students must meet Carolina Core (general education) requirements. For more information regarding these requirements, please visit the <u>Carolina Core</u> page on the University website.
