There were personnel matters relative to an athletics contract and Board of Trustees committee assignments which were appropriate for discussion in Executive Session. Chairman Adams called for a motion to enter Executive Session. Mr.

I. Contracts Valued In Excess of $250,000:

A. Synopsys, Inc.: Chairman Adams called on Mr. Parham who explained that this gift agreement between the University and Synopsys, Inc. had been approved by the Executive Committee on July 19, 2005 for a one year period; it consisted of 50 Hspice software licenses. Mr. Parham was requesting Executive Committee approval of an additional one year renewal.

He further noted that the software was considered the “gold standard” for accurate circuit simulation modeling and will be used by the College of Engineering and Information Technology students and faculty to study electronic systems and circuits, digital cell characterizations and signals integrity issues. The software will assist in the development of such products as enhanced cell phones, communications equipment, wireless networks, etc. The value of the software licenses totaled $1,075,000; acceptance of this gift did not obligate the University to expend money.

Mr. Mungo moved approval of the Synopsys, Inc. gift agreement as presented. Mr. Bradley seconded the motion. The vote was taken, and the motion carried.

B. Athletics Contract: Chairman Adams called on Mr. Parham who was presenting for consideration proposed modifications of Head Women’s Basketball Coach Susan Walvius’s employment agreement.

Mr. Parham listed the three contract modifications which were: (1) extension of the term of the contract for a two year period to expire on May 31, 2009; (2) elimination of the automatic rollover provision; and, (3) modification of the respective buyout provisions. For the first year, the buyout provisions were the same as the current contract; for the second year, that amount was $25,000 for the University or $12,500 for Coach Walvius.

Mr. Mungo moved approval of Head Women’s Basketball Coach Susan Walvius’s employment contract modifications as described in the materials distributed for the meeting. Mr. Bradley seconded the motion. The vote was taken, and the motion carried.

C. DeMott/Kreines Films: Chairman Adams called on Mr. Parham who was seeking Executive Committee approval on behalf of University Libraries to purchase a Kinetta Archival Scanner System from DeMott/Kreines Films. He noted that this equipment was a custom manufactured machine designed to digitize archival films such as the Fox Movietone News Collection. The Library of Congress owned the prototype and possibly only two of these machines existed currently in the United States.

Mr. Parham advised that this equipment copied the original nitrate film and in essence created a video (a high definition digitized version of the film) which could
then be easily reproduced from that copy. In addition, it also scanned each individual frame as if it was a still photograph so that any individual frame in any film could be retrieved and reproduced at a later date.

The cost of the equipment including training totaled $335,425 to be paid by University Libraries from federal funds received through a Library of Congress grant. Representative James Clyburn had originally established the grant as part of a joint project between the University and the Library of Congress to digitize the Movietone News Collection (particularly that portion dealing with the World War II time period). It was hoped that University Libraries would acquire additional grant funds from the same source in order to create an online database and website so that these Movietone films would be accessible to the public.

Mr. Bradley moved approval of the DeMott/Kreines Films contract as presented. Mr. Mungo seconded the motion. The vote was taken, and the motion carried.

He encouraged other Board members to consider membership on that committee since it was not limited to a designated total number of members.

Since there were no other matters to come before the Committee, Chairman Adams declared the meeting adjourned at 3:10 p.m. indicating that each of the standing committees will meet individually to elect committee chairs.

Respectfully submitted,

Thomas L. Stepp
