In this example, we used Fiscal Month and Fiscal Year to ensure to all retro funding changes are returned.

Notice the difference in the totals between the To/From Pay Periods and the Fiscal Month/Fiscal Year search options. The difference is due retro payroll transactions completed in June 2022 for non-June 2022 payrolls.

The Fiscal Month/Year option will match the GL Summary/Grant Dashboard reports since we're looking at a fiscal period rather than specific payrolls as we'll see on the next slide.
