

**TRANSFER CREDIT GUIDE:
ATHLETIC TRAINING**

If you are a South Carolina technical college student who plans to transfer to the University's College of Education, to pursue **a major in Athletic Training**, you should consider the following courses as you schedule your technical college classes. The courses listed below will transfer to this degree. This list does not include every technical college course which is available for transfer to the University of South Carolina. You are not required to take all courses listed prior to transferring. Rather, it is a guide for you and your advisors. You should be aware that courses must be passed with a **grade of C or higher** in order to be considered for transfer credit. Please review admissions requirements at www.sc.edu/admissions.

The Athletic Training degree at the University of South Carolina has a structured course sequence which must be taken at USC. This sequence takes no less than 3 ½ to 4 years to complete once a student begins coursework at USC.

Students who graduate from the Athlete Training program and subsequently pass the national certification examination will be qualified to be employed as an athletic trainer in a variety of allied health settings, including secondary schools, two- and four-year colleges and universities, professional athletic teams, sports medicine clinics, or in industrial preventative medicine clinics.
