SCAMP
South Carolina Alliance for Minority Participation

ELIGIBILITY:

- Minority as defined by the National Science Foundation (African American, Hispanic American, Native American, Alaskan Native, Native Hawaiian, or Native Pacific Islander)
- Citizen or legal resident of the United States
- Student at USC Columbia or Midlands Tech
- Minimum GPA of 3.0
- Undergraduate seeking a bachelor’s degree in engineering, mathematics, any natural or physical science, or computer science
- Preference given to those anticipating the pursuit of graduate education in STEM

SUMMER RESEARCH FELLOWSHIP PROGRAM (for USC and Midlands Tech undergrads):

- 8-10 weeks during the summer, full-time (37.5 hours per week; specifics set with mentor)
- AWARD: $4000 federal stipend
- Program Requirements:
  - Successful completion of the online discipline-appropriate CITI Responsible Conduct in Research course
  - Appropriate safety training courses
  - Participation in the summer workshops for professional development
  - Poster presentation at USC’s Summer Research Symposium and, if applicable, the SCAMP research conference in the fall
  - Continued participation in annual assessment and tracking requests

Application Deadline

March 29.
Competitive application process.

SCAMP is designed to increase the quality and quantity of undergraduate minority students completing baccalaureate degrees in science, technology, engineering and mathematics (STEM), with the goal of increasing the pursuit of graduate education. Emphasis is placed on transforming STEM education through innovative recruitment and retention strategies and experiences in support of groups that historically have been underrepresented in STEM disciplines.
