Speech-Reach, Inc.

Licensed Speech Language Pathologist and President

October 2000 to September 2011

- Owner of an incorporated business, Speech Reach, Inc., which provided private and contracted speech therapy services. The main contract was with Aiken County Public Schools, 1000 Brookhaven Drive, Aiken, SC 29803. The last Lead SLP with whom I worked was Michelle Stanford. I provided care for students in a variety of settings, including homebound sites, elementary schools, HeadStart, and private preschool sites. One of the main sites was Children’s Place, a therapeutic daycare for children with medical and/or behavioral needs. Dot Hughes, the Director of Education at Children’s Place, may be reached at 803-641-4145.
- My duties involved screening, evaluation, therapy, intervention, consultation, scheduling, and documentation services for speech, language, and cognitive-linguistic deficits. This included intervention for traumatic brain injury, autism spectrum disorders, apraxia of speech, articulation disorders, hearing loss, phonological processes, language delay, pragmatic language deficits, stuttering, tongue thrust, augmentative communication, and selective mutism. I served public school students from age 2.5 (in preparation for transition from Babynet) to age 21. It was imperative for me to work together with parents, administrators, daycare workers, teachers, social workers, and therapists from other disciplines to maximize the children’s’ progress in all areas of their education. I often acted as a liaison between the school district, parents, and private sites. I wrote and implemented Individualized Education Plans (IEP’s), as well as provided speech interventions and consultations in the classroom. I was a Childfind screening team member, which provided speech-language and audiological screenings for preschool children not attending a public school. Parent education was an important facet of this activity. This screening often acted as a transition from Babynet services, when a child neared his/her third birthday. My supervisory experience included supervision of graduate students in speech language pathology, supervision of

clinical fellowship candidates, and supervision of therapists providing extended school year services and USC "Speech Camp" services. As a business owner I performed accounting/ bookkeeping, billing/ payroll tasks necessary in any small business.

Walton Rehabilitation Hospital

Licensed Speech-Language Pathologist

March 1998 to October 2000

- Walton Rehabilitation Hospital, outpatient and acute inpatient rehabilitation hospital setting, under Jane Johnson, Rehabilitation Coordinator, 1355 Independence Drive. Augusta, GA 30901, 706-724-7746
- At Walton Rehabilitation Hospital, I was responsible for evaluation (including modified barium swallow studies) and therapy in outpatient and acute inpatient rehabilitation settings, as part of an interdisciplinary team. My patients presented with speech, language, cognitive-linguistic, voice, and swallowing disorders resulting chiefly from cerebrovascular accident, traumatic brain injury, or neurological disease. My duties also included student supervision, task force participation, program implementation, and nursing staff education.

Sundance Rehabilitation

Licensed Speech-Language Pathologist

January 1997 to March 1998

- Sundance Rehabilitation, under Patricia Staton, SLP Supervisor. Contracted to Conway Hospital's Medstar Rehabilitation Unit and Kingston Nursing Center at Conway Hospital in Conway, SC.
- My duties included working as part of an interdisciplinary team to provide evaluation (including modified barium swallow studies) and therapy for adults with speech, language, cognitive-linguistic, voice, and swallowing disorders resulting chiefly from cerebrovascular accident, traumatic brain injury, or neurological disease. I also provided audiological screenings for patients and staff, program implementation, student supervision, nursing staff education, and orientation/ training of newly hired speech language pathologists.

FACTS, Inc.

Licensed Speech-Language Pathologist Assistant,

August 1994 to August 1995

- FACTS, Inc., 9308 Longvale, Austin, Texas, 78729, 512-249-7221, under Julia Brandt Reese, SLP/Owner
- I was employed at FACTS, Inc. as an SLP assistant for one year, before attending graduate school. I provided speech-language therapy and augmentative communication consultation for children and adults with speech, language, and cognitive-linguistic disorders resulting from severe multiple disorders such as autism, Down syndrome, cerebral palsy, and intellectual disabilities.

Educational Clinical Experiences

Johnston-Willis Hospital

Clinical Extern, Richmond, Virginia

August 1996 to November 1996

Under the supervision of Joelle Kenny, staff SLP, outpatient, day-program and acute inpatient rehabilitation in a hospital setting: Evaluation (including modified barium swallow studies) and therapy for adults with speech, language, cognitive-linguistic, voice, and swallowing disorders, resulting chiefly from cerebrovascular accident, traumatic brain injury, and neurological disease

Baylor University Speech, Language and Hearing Center

Graduate Clinician, Waco, Texas
