This course plan is a recommended sequence for this major. Courses designated as critical (!) may have a deadline for completion and/or affect time to graduation. Please see the Program Notes section for details regarding "critical courses" for this particular Program of Study.

</tbody>
</table>

T. Owens
1. Regardless of individual course grades, students must maintain a minimum 2.000 cumulative GPA.
2. Some colleges require a minimum GPA for major courses. Courses indicated in this column are included in the major GPA for this program of study.
3. Students who place into MATH 115 will be required to successfully complete it with a grade of C or better before taking MATH 141. MATH 115 can be used as an approved elective. Students who start with MATH 115 should use the following sequence for the first three semesters:

<table>
<thead>
<tr>
<th>Semester One</th>
<th>Semester Two</th>
<th>Semester Three</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 101</td>
<td>MATH 115</td>
<td>MATH 142</td>
</tr>
<tr>
<td>MSCI 101</td>
<td>MATH 115</td>
<td>INUN 101 or other Carolina Core Requirement</td>
</tr>
<tr>
<td>MATH 115</td>
<td>MATH 115</td>
<td>CHEM 111 &amp; 111L</td>
</tr>
<tr>
<td>Foreign Language or other Carolina Core Req.</td>
<td>PHYC 201 &amp; 201L or PHYC 211 &amp; 211L</td>
<td></td>
</tr>
</tbody>
</table>

4. The Carolina Core provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students.
5. Students in the College of Arts and Sciences are required to demonstrate proficiency in one foreign language equivalent to the 122 course through course credit or the corresponding foreign language placement score.
6. The College of Arts and Sciences requires one U.S. History and one non-U.S. History course, both of which must be chosen from the approved Carolina Core GHS courses. Whichever is not fulfilled through the Carolina Core GHS requirement must be fulfilled through this college requirement.
7. PHYC 211 and 211 Lab may be used as a major elective, in which case one less MSCI Elective would be required.
8. Students may choose to take MSCI 305 in place of CSCE 102 or MSCI 599 (Data Analysis section only) in place of STAT 515 by petition. If students use either MSCI 305 or 599 for the Carolina Core ARP requirement, then those hours cannot also be included in the 36 hours of major courses.
9. Select two courses from the following list of marine biology, ecology or biology courses, or similar courses as approved by advisor: MSCI/BIOL 450, 503 (BIOL 502), 510, 525, 535, 536, 537, 538, 552, 574, 575, 576, 577, 627; MSCI 496, 497, 498, 499, 599 (if biology oriented); MSCI 566, 578; BIOL 302 (302L is optional, but may be taken with BIOL 302) or 303; BIOL 460, 505, 534, 541, 543, 550, 570, 640, 643, 652, 670, 690.
10. No courses of a remedial, developmental, skill-acquiring, or vocational nature may apply as credit toward degrees in the College of Arts and Sciences. The College of Arts and Sciences allows the use of the Pass-Fail option on elective courses. Further clarification on inapplicable courses can be obtained from the College of Arts and Sciences in Flinn Hall.
11. All MSCI majors are required to undertake a minimum of three weeks of marine science field effort. Possibilities include MSCI 460, summer semester, or faculty-sponsored field research or cruise. Students who do not select MSCI 460, must submit a petition for an alternative field experience to the Undergraduate Director. If the alternative is approved, the student must submit a short (2-3 page minimum) report at the completion of the experience to the Undergraduate Director for approval. Upon approval, the Undergraduate Director will notify the Dean's office of the substitution. Students will not normally receive course credit hours for their alternative field experience, but may combine this requirement with independent study credit as appropriate. If no course credit hours are associated with the field experience, the student will be required to take an additional Marine Science elective (300-level and above). Some students may complete MSCI 460 in the summer following senior year & graduate in August.
12. In addition to the required 13 hours of major coursework, Marine Science majors must select 23 hours of Marine Science electives (which include the required Biological Oceanography Concentration courses) in consultation with a faculty advisor for a total of 36 major hours. The elective courses listed in the Undergraduate Studies Bulletin for Marine Science are commonly selected, but any course which is eligible for cognate credit in the College of Arts and Sciences can potentially be a major course in Marine Science. The determination of major courses in this interdisciplinary program is the result of consultation between the student and an advisor.

**Program Notes:**
- ENGL 101 and ENGL 102 must be completed in the student’s first 60 semester hours of work in order for these courses to be credited toward graduation. MSCI 101 and MSCI 102 must be completed in the first year in order to stay on track with subsequent Marine Science courses and ensure timely graduation. Other courses identified as “critical” must be completed before the beginning of the student’s 5th major semester.
- Marine Science majors may enroll in the following courses a maximum of two times to earn the required grade of C or higher: MATH through MATH 142, CHEM 111/111L, CHEM 112/112L, PHYS 201/201L or PHYS 211/211L, PHYS 202/202L, or PHYS 212/212L. For the purposes of this standard of progression, withdrawal with a W does not constitute enrollment. These courses, in addition to MSCI 101 and MSCI 102, must be completed before the beginning of the student’s third academic year (fifth major semester) as a marine science major.
- A maximum of 10 semester hours of a combination of independent study, seminar, and undergraduate research courses may count in the 36 hours of major credit required for the Marine Science major.
- The last 30 credit hours toward your degree must be earned in residence at the University of South Carolina-Columbia.

**University Requirements:** Bachelor’s degree-seeking students must meet Carolina Core (general education) requirements. For more information regarding these requirements, please visit the Carolina Core page on the University website.

**Codes:**
- CC: Carolina Core
- CC-IU: Carolina Core-Aesthetic and Interpretive Understanding
- CC-ARP: Carolina Core-Analytical Reasoning and Problem-Solving
- CC-CMS: Carolina Core-Effective, Engaged, and Persuasive Communication: Spoken Component
- CC-CMM: Effective, Engaged, and Persuasive Communication: Written Component
- CC-GFL: Carolina Core-Global Citizenship and Multicultural Understanding: Foreign Language
- CC-GHS: Carolina Core – Historical Thinking
- CC-GSS: Carolina Core – Social Sciences
- CC-INF: Carolina Core – Information Literacy
- CC-INT: Carolina Core – Integrative Course
- CC-SCI: Carolina Core – Scientific Literacy
- CC-VSR: Carolina Core – Values, Ethics, and Social Responsibility
- CR: College Requirement
- MR: Major Requirement
- PR: Program Requirement

**Disclaimer:** Major maps are only a suggested or recommended sequence of courses required in a program of study. Please contact your academic advisor for assistance in the application of specific coursework to a program of study and course selection and planning for upcoming semesters.
