I believe that I have the AP and dual-enrollment college credit to complete my required classes for my freshman year. I intend to move on to medical school after my undergraduate studies so cutting my graduation time down to three years would be very helpful.

To help inform your First-Year Advisor, please explain why you are interested in graduating in an accelerated timeframe.

Disclaimer: Please select the following to ensure you understand the criteria for graduating in three years.

I understand I will be required to enroll in Summer and/or Winter session courses.
I understand I will build a 3-year study plan with my First-Year Advisor. I must abide by this plan in order to receive priority registration.
I understand I will complete an Accelerated Study Plan "Agreement" with my First-Year Advisor

ON YOUR TIME INITIATIVES

GRADUATE IN LESS TIME!

ACCELERATED STUDY PLANS

Accelerated Study Plans provide students a pathway to complete an undergraduate degree in less time. If you pursue a degree on an accelerated schedule, you will be assigned an academic advisor in your first semester to assist you in taking full advantage of fall, spring, and summer course offerings.

BENEFITS OF GRADUATING EARLY:

- Accumulate less debt
- Enter the job market sooner
- Begin earning a salary
- Move on to graduate school, if desired

ACCELERATED STUDY PLANS INCLUDE:

- Online course offerings
- Robust summer study
- Tailored academic advising
- Accelerated timelines toward graduation
