 - a. Travel Authorizations are required for the following circumstances:
 - a. Individual travel expenses expected to be \$5,000 or greater

 - d. Airline tickets issued by University approved travel agencies and charged against a Travel Authorization.

If an employee travels without a Travel Authorization as stated above, a memo of explanation must be approved by the employees Department Head, Chair, Dean, Provost, President or designee as appropriate and attached to the expense report. The Travel Office will not approve travel reimbursements without this memo of explanation.
 - b. Travel Authorizations are approved by the traveler and Approver Level One and Two in PeopleSoft workflow.
 - c. If the Travel Authorization is to be funded by more than one department, all departments must approve the authorization.
3. Authorizations for travel by students requiring Travel Office approval:

- a. For the Columbia campus, the Vice President for Student Affairs or designated representative must approve all student organization travel and make the determination as to method of travel and degree of financial support.
 - b. For the regional and four-year campuses, the respective Dean of Students, campus Dean or Chancellor or designee, as applicable, must approve travel authorization for students.

The Travel Reimbursement voucher(s), under an approved Travel Authorization, should be forwarded to the Controller's Office through the appropriate administrative channel.
 - f. A Travel Reimbursement Voucher may exceed the approved Travel Authorization amount up to \$250 without departmental approval.
 - g. More than one individual may travel under one Travel Authorization. One Travel Authorization may be prepared per group in lieu of individual authorizations.

Method of Transportation

The method of transportation used by individuals will be the most practical and economical, with due consideration given to the time involved, extra meals, lodging costs and the mission to be accomplished.

Common Carrier Airline Tickets

If a common carrier is to be used, the individual should contact a University approved Travel Agency. Due to logistics, campuses outside of Columbia may use a local travel service and submit payment via Payment Request. Payments for University approved Travel Agencies will be made via the University Diner's Club.

The following is the required process when utilizing the approved Travel Agencies:

1. The individual must furnish the Travel Authorization number to the travel agent. A Travel Authorization should be completed and approved prior to the order being placed. The ticket will be charged to the University's Diners Club account. If an approved Travel Authorization has not been received by the Controller's Office at the time payment is required, the tickets will be charged to the individual's general departmental fund.
2. If a ticket is purchased by an individual via any method other than an approved Travel Agency (i.e. Internet), the original passenger receipt/itinerary should be attached to either an Expense Report in PeopleSoft for Employee or a Travel Reimbursement Voucher submitted to the Controller's Office for Students and Non-Employees. Service fees charged on tickets by non-approved Travel Agencies are not reimbursable.
3. It is strongly suggested that prior to a trip, contact should be made to Travel Agencies to discuss rate possibilities. Travelers should select air carriers based on costs and time criteria, not on whether frequent flyer points are given. Employees should ensure that frequent flyer points earned while traveling on University business be used to reduce the cost of subsequent business travel whenever possible.

Fly America Act

Travelers using Federal grant funds are required to fly on U.S. Flag Air Carriers as stated in the Fly America Act. Contact your principal investigator or Grants and Funds Management for detailed Federal regulations.

Travelers may utilize such services, but receipts are still required to be reimbursed. Surcharges and fees may be reimbursable if the total cost is comparable to other ground transportation options. Travelers need to be aware that there is no guarantee of safety when using such service.
