I. Objectives

By the end of this procedure, you should be able to:

- Access email or worklist to approve a Procurement Card Expense Report
- Review the chartfield string using the Related Content
- Review the Procurement Card My Wallet Details
- Approve the Expense Report
- Send back expense transactions

II. Overview

Procurement Card transactions (charges) are interfaced from Bank of America into PeopleSoft My Wallet daily. Cardholders and Liaisons are responsible for reviewing and updating each of these card charges before they are consolidated into the Expense Report statement. The following is required for each card transaction:

a. Entering a justification and description for each transaction.
b. Reviewing and updating the use tax applicability.
c. Attaching the receipts to the expense report. The individual receipt may be attached to the transaction or all receipts batched and attached to the expense report.
d. Properly distributing the transaction to the appropriate accounting chartfields.

As the approver, you are responsible for ensuring the Procurement card transactions are entered correctly, are within policy and reconcile to the Bank of America Statement.

III. Procurement Card Approval

All Procurement Card Expense Reports require “Department Head” approval. A “Department Head” approver is defined as the following:

- The approver assigned to the department as either a Level 1 or Level 2 approver for Requisitions, Payment Requests and Travel
- The approver that has been assigned the Procurement Card approver workflow role in PeopleSoft

All Procurement Card Expense Reports entered by a Cardholder (should your department decide to implement this process) must be approved by the Cardholder’s Liaison.

All Procurement Card Expense Reports entered by the Liaison must be approved electronically by the Cardholder. **Note, any exceptions to this process must be approved by the Purchasing Department and Procurement Card Administrator.**

IV. Tips and Tricks

- Make sure Email User and/or Worklist is checked on your My System Profile page to receive notification that an expense transaction needs your approval.
- If you plan to be out of the office for a several days please remember to select an alternate user to review and approve transactions using the My System Profile page in PeopleSoft.
V. **Prerequisites**
Before approving expense transactions be sure to have the following:

- The approval role in PeopleSoft.
- Email User and/or Worklist User checked on your **My System Profile** page to receive emails asking you to approve expense transactions prepared on your behalf.

VI. **Navigation**
Main Menu > Travel and Expenses > Approve Transactions > Approve Transactions

VII. **Approving an Expense Report Using Email**
Use email to approve a Procurement Card Expense Report

As an approver:

- Verify the Cardholder

Now that you have approved the Expense Report, it is ready to move to the next level in the approval workflow.
VIII. Approving Expense Reports Using the Worklist

Use the Worklist to approve a Procurement Card Expense Report. The Worklist is where you will find a prioritized list of the work you have to do. To work on an item, select it from the worklist and the appropriate page will open to begin work.

Some departments have more than one Procurement Card approver (liaison or department head). After an approver approves the procurement card expense report, it drops from everyone else’s worklist.

Step 1: Click the Worklist link
Step 2: Click the Date From link to view most recent. You may need to click this a couple of times to see the most recent at the top.

Step 3: Click the link for the Expense Report you would like to approve.

The Expense Report approval page is displayed. Follow the additional steps in the section above to complete the approval process.
IX. Approving Procurement Card Expense Reports Using the Approve Transactions page

The Approve Transaction page is where you will find all expense reports requiring your approval. Use the Expense Report Approve Transactions page to approve, place on hold or budget check Procurement Card Expense Reports. For details about the Send Back or Hold functionality, see the corresponding sections later in the document.

Some departments have more than one Procurement Card approver (liaison or department head). After an approver approves the procurement card expense report, it drops from everyone else’s list of transactions to approve.

Step 1: Navigate to the Expense Report Approval page

Main Menu > Travel and Expenses > Approve Transactions > Approve Transactions

Step 2: Click the link in the Description or Transaction ID column

Click one of the links to view the Expense Report Summary Approval page and access more details. **See steps above on Approving an Expense Report Using Email for detailed instructions on using this page.**
Step 3: Return to the Approval List

Click the link Return to Approval List to Approve, Send Back or place an Expense Report on Hold.
Step 4: Approve, Send Back, or place an Expense Report on Hold

Select the checkbox on the line of the expense report you’re working and click the associated button above or below the list of Transactions to Approve.

Step 5: Click OK to confirm the approval

Click OK to confirm you want to approve the transaction. After clicking OK, the item will be removed from the list of Transactions to Approve.
**X. Send Back an Expense Transaction**

If you want the person who originated (the Proxy) the Expense Report to make a change to it and resubmit it, you can make that happen by clicking the **Send Back** button. **Only by clicking the Send Back** button can you allow the Proxy to gain access to the report again. The following steps walk you through this procedure; they pick up at the point in which you have opened a submitted report from your email and/or worklist.

**Step 1:** Step Click in the Comment textbox at the bottom of the report and add the reason for sending back.

The purpose of this is to inform the Cardholder or Liaison why you are sending the form back, and what should be corrected before the report is resubmitted. *The system will not allow you to send back the report without typing an explanation.*
Step 2: Click the send back button.

Step 3: To complete sending the form back, click the OK button on the Submit Confirmation page.
When a transaction is sent back for modifications, the Liaison or Cardholder will see the comment.

**Note:** Pending status indicates the transaction can be modified and submitted again for approval.
XI. Hold an Expense Transaction

Holding an expense report claims the transaction for the approver. If a pool of approvers exists, each of whom can approve a transaction, placing the transaction on hold means that only the holding user can take action on the transaction. The following steps walk you through this procedure; they pick up at the point in which you have opened a submitted report from your email and/or worklist.

Step 1: Click in the Comment textbox at the bottom of the report and. The purpose of this is to inform the Proxy why the transaction is being held.

Step 2: Click the Hold button.

![Image of Expense Report Interface](image-url)
Step 3: Click the OK button to complete the HOLD.

When a transaction is held for further review, the Liaison or Cardholder can see that the Status has been updated to On Hold on the view pages.

When research complete, click the Approve button to remove the Hold allowing the transaction to move to the next level in the approval workflow.
