

DLP Scanning and Notification Schedule

Issued Date: 03-Mar-2015

Purpose

This document provides a scanning and notification schedule.

Scope

This Procedure applies to all security liaisons managing DLP incidents for their OU.

Scanning Schedule

Scans will begin during the first week of each month and will end after running for 7 days.

Notification

The scanning schedule serves as a notification for System Administrators to determine when scans take place. It is not necessary to wait for the scan to end to begin the remediation process.
