

# Annual Report of the Faculty Senate Committee on Admissions 2017-2018

## 2017-2018 Committee Members

### Elected

Cannon, Cormac – Music (2019)

Litwer, Laura – Libraries (2019)

Smith, Scott – HRTM (2020)

Xiao, Shuo - Environmental Health Sciences (2020)

Zhou, Chen – Business (2018)

### Appointed

Gavigan, Karen (Chair) - Library and Information Science (2018)

Kelly, Sandra – Provost's Office

Tedeschi, David - Physics (2019)

Wagner, Mary – ex officio, Secretary

During the 2016-2017 academic year, the committee met twice: November 13, 2017 and April 23, 2018. Below is a summary of key updates and actions.

## November 13, 2017

### 1. 2017 Freshman class update

*26,013 Applied; 18,819 Admitted; 5,874 Enrolled*

- 18% nonwhite
- 17.4% First Gen
- 55% female
- 52% nonresident
- 2838 South Carolinians (highest in USC history)
- 662 Palmetto Fellows
- 72 Valedictorians
- 4.04 WCGPA, 27.3 ACT, 1254 RSAT Average
- Honors: 3535 Applied, 1682 Admitted, 579 Enrolled (Profile: 4.68 WCGPA, 32.5 ACT, 1472 RSAT)
- Capstone : 4024 Offers, 1105 Enrolled (Profile: 4.36 WCGPA, 29.7 ACT, 1354 RSAT)

### 2. Non-Freshman Populations

*Gamecock Gateway*

- 4012 Offers, 439 Enrolled (Profile: 3.14 WCGPA, 21.3 ACT, 1075 RSAT)
- Fall term only

*Transfer*

- 4341 Applied; 2398 Admitted; 1591 Enrolled (includes 365 Gateway transfers)
- Counts include Summer 17 applicants/enrollees

#### *Change of Campus*

- 681 Applied; 513 Admitted; 362 Enrolled
- Counts include Summer 17 applicants/enrollees

#### *Shorelight*

- 89 Applied; 88 Admitted; 73 Enrolled
- Counts include Summer 17 applicants/enrollees

### 3. Annual report to committee on behavior review cases

- For the Spring, Summer and Fall 2017 terms, 34,093 applicant responses to behavior questions were screened by admissions. Of these, 272 were flagged for additional review by the ad hoc committee on behavior; 9 were reviewed by offices outside of admissions, and 5 were denied.
- The behavioral/criminal infractions policy, as approved by committee, can be found in its entirety at [http://bulletin.sc.edu/content.php?catoid=66&navoid=1812#Behavioral Criminal Infractions Policy](http://bulletin.sc.edu/content.php?catoid=66&navoid=1812#Behavioral_Criminal_Infractions_Policy)

## **April 23, 2018**

1. Update on Fall 2018 freshman Cycle
  - a. USC application volume is running significantly ahead of previous year (+19%).
  - b. Received record number of Honors College applications (+27%)
  - c. Academic profile expected to improve
  - d. Freshman class goal is 5800; Transfer Goal between 1400-1500
2. Update on Fall 2019 college prep course requirements per SC Commission on Higher education. Requirements summary attached.
3. SC Lottery Scholarship criteria
  - a. Changes in minimum SAT, ACT, GPA are expected to accommodate new SAT and SC Uniform Grading Scale.
  - b. The requirements are in statute. Must be voted on by SC Assembly. As of end of the 2017-18 legislative session, no changes to current criteria were made.
4. **Elected new chair for 2018-2019 term: Cormac Cannon (Music)**

Respectfully submitted,

Dr. Mary Wagner, Ex-Officio Secretary

**College Preparatory Course Prerequisite Requirements**  
**For Entering College Freshmen Beginning in Academic Year 2019-20**

**FOUR UNITS OF ENGLISH:** All four units must have strong reading (including works of fiction and non-fiction), writing, communicating, and researching components. It is strongly recommended that students take two units that are literature based, including American, British, and World Literature.

**FOUR UNITS OF MATHEMATICS:** These units must include Algebra I, Algebra II, and Geometry. A fourth higher-level mathematics unit should be taken before or during the senior year.

**THREE UNITS OF LABORATORY SCIENCE:** Two units must be taken in two different fields of the physical, **earth**, or life sciences and selected from among biology, chemistry, physics, or **earth science**. The third unit may be from the same field as one of the first two units (biology, chemistry, physics, or **earth science**) or from any laboratory science for which biology, chemistry, physics and/or **earth science** is a prerequisite. Courses in general or introductory science for which one of these four units is not a prerequisite will not meet this requirement. It's strongly recommended that students desiring to pursue careers in science, mathematics, engineering or technology take one course in all four fields: biology, chemistry, physics, and earth science.

**TWO UNITS OF THE SAME WORLD LANGUAGE:** Two units with a heavy emphasis on language acquisition.

**THREE UNITS OF SOCIAL SCIENCE:** One unit of U.S. History, a half unit of Economics, and a half unit of Government are required. World History or Geography is strongly recommended.

**ONE UNIT OF FINE ARTS:** One unit in appreciation of, history of, or performance in one of the fine arts. This unit should be selected from among media/digital arts, dance, music, theater, or visual and spatial arts.

**ONE UNIT OF PHYSICAL EDUCATION OR ROTC.** One unit of physical education to include one semester of personal fitness and another semester in lifetime fitness. Exemption applies to students enrolled in Junior ROTC and for students exempted because of physical disability or for religious reasons.

**TWO UNITS OF ELECTIVES:** **Two units must be taken as electives.** A college preparatory course in **Computer Science** (i.e., one involving significant programming content, not simply keyboarding or using applications) is **strongly recommended** for this elective. **Other acceptable electives include college preparatory courses in English; fine arts; foreign languages; social science; humanities; mathematics; physical education; and laboratory science (courses for which biology, chemistry, physics, or earth science is a prerequisite).**

**Total: 20**

## NOTES

1. Foundations in Algebra and Intermediate Algebra may count together as a substitute for Algebra I if a student successfully completes Algebra II. No other courses may be substituted for the three required mathematics courses (Algebra I, Algebra II, and Geometry).
2. Each institution may make exceptions in admitting students who do not meet all of the prerequisites, limited to those individual cases in which the failure to meet one or more prerequisites is due to circumstances beyond the reasonable control of the student.
3. The College Preparatory Course Prerequisite Requirements are minimal requirements for four-year public college admission. Therefore, students should check early with colleges of their choice to plan to meet additional high school prerequisites that might be required for admission and to prepare for college entrance examinations.
4. Students should prepare themselves for college-level work by enrolling in challenging high school courses, such as honors, Advanced Placement (AP), International Baccalaureate (IB), and dual enrollment courses.
5. It is the responsibility of each school district to disseminate this set of requirements to entering freshmen students interested in pursuing a four-year college degree in South Carolina upon graduation from high school and to provide the web address for their viewing: [http://www.che.sc.gov/CHE\\_Docs/academicaffairs/College Preparatory Course Prerequisite Requirements Fall 2019.pdf](http://www.che.sc.gov/CHE_Docs/academicaffairs/College_Preparatory_Course_Prerequisite_Requirements_Fall_2019.pdf).
6. This revision of the College Preparatory Course Prerequisite Requirements shall be fully implemented for students entering high schools beginning Fall 2015 and colleges and universities as freshmen beginning in Fall 2019. In the interim period, the 2011-12 version of the Prerequisites (approved by the Commission on Higher Education on October 5, 2006) remains acceptable.
7. The next revision cycle should begin in Fall 2020.

Policy originally approved by the SC Commission on Higher Education on April 7, 1983.  
Revisions approved: October 8, 1987; December 7, 1989; November 4, 1993; November 5, 1998;  
September 5, 2002; October 5, 2006; and May 7, 2015.

**NOTES:**

- \* Each institution may make exceptions in admitting students who do not meet all of the prerequisites, limited to those individual cases in which the failure to meet one or more prerequisites is due to circumstances beyond the reasonable control of the student.
- \*\* This list of courses will be reviewed each year. Schools that offer dual enrollment courses should consult with and receive written approval from the Commission before using such courses to meet these requirements.
- \*\*\* Foundations in Algebra and Intermediate Algebra may count together as a substitute for Algebra I if a student successfully completes Algebra II. No other courses may be substituted for the three required mathematics courses (Algebra I, Algebra II, and Geometry).
- \*\*\*\* Computer Science should involve significant programming content, not simply be keyboarding or using applications.
