

Financial Profile Submission Form

For Year:

2025

University of South Carolina - Columbia, Columbia, SC

**Note: You may need to zoom out on your screen if the page seems misaligned.
Press and hold Ctrl while you roll the mouse dial (or +/- if your mouse has no dial) to zoom in or out.**

Prior Year Value Errors:

The numbers for last year's profile are only included as a guide to help you double check current input for errors. Prior year value updates *are not required or encourage* due to not having any benefit. There is more value in knowing what was actually submitted for that year even if incorrect vs adjusting unless it is a drastic change that could trigger further reporting. If there are any questions about trends we will ask those later.

Errors when Submitting Tips

Errors will be marked at the top of the form and/or below the offending field or fields.

Copy pasting a value could introduce an empty space at the end. If one is there then remove.
A required field that is empty should have a zero if you have no value.
This form works best in the Chrome browser.

Values Entered

All values should be rounded to the nearest whole number. Two additional digits will throw off your expected values.

Once submitted the current CEO will receive an approval email for Approval.

Did you have Approval email issues last year?

As soon as you submitted the same process sends the email to the CEO.

The Approval email could be in the President's spam/junk folder or was blocked by your security settings which your IT would need to correct. Please search for the email on the date/time you submitted.

Should the email not be located then the ***CEO can go to the Institutional Portal under the Annual Updates Tab then Click the View hyperlink to grant approval.***

Note- Each user can only see their link. The IAL will not see the CEO link and the CEO will not see the IAL link. They are also removed once satisfied by the user unless reopened. For security we only send each user their corresponding link to their email that we have on file.

The confirmation email is sent to the CEO and IAL only after the CEO has granted approval and the process is completed.

We added the View link to the Institutional Portal to ensure timely submission in the event of an email issue and encourage access through that route should you be having email delivery issues.
