The sales tax is encumbered when the Purchase Order is created. The Category carries the tax applicability of the line item.

Freight information should not be represented as a line item. Include this information in the Comments, preferably the Header area.
Change Requests

Change requests require the requisitioner to budget check their edited requisition.

In order for the change request to route to the PO Buyer after it is approved in the requisition workflow, the change request must be budget checked.
Approved Requisitions for FY18-19

Last Date to Enter Requisitions for FY18-19 is this Friday by 12 noon:

June 21st
Future Fiscal Years
Requisition Cutover

2020 – June 19
2021 – June 22
2022 – June 22
2023 – June 22

*These dates are the last day to enter requisitions to be included in the referenced fiscal year.
Requisitions in FY18-19

• Most requisitions not sourced to a PO and created in the first 10 months of this FY have been cancelled.

• Review your pending requisitions.

• There were 76 Requisitions pending approval end of business June 17\textsuperscript{th}. If they are not approved or any created since that time, they will be cancelled on June 21\textsuperscript{st} and you will need to create them again on June 24\textsuperscript{th}. 
Requisitions in FY18-19

• All approved requisitions will be assigned to Purchasing a buyer June 21st.

• By assigning the requisition to a Purchasing Buyer, this moves your pre-encumbered funds to encumbered funds (as long as your budget is valid).
You can begin to Enter Requisitions for FY19-20:

June 24th
CLOSE PURCHASE ORDERS

Make sure payment has been processed before requesting a Purchase Order to be closed, then send an e-mail to Purchasing: purchasing@sc.edu
Blanket Purchase Orders (BPO)

- Multiple invoices/vouchers issued per Budget period/year each year.
- When creating the requisition, begin with “Blanket Order” then a general description of the goods/services being purchased.
- BPO is to be charged to one Account or one Accounting Distribution line per line item.
- BPOs are valid for 1 year and will be closed out each fiscal year.
- BPOs over $10,000.00 (not state contracts) must be distributed equitably among qualified suppliers.
  - Purchases should alternate between other qualified suppliers. For example if you are a department that uses food for events during the fiscal year, you would create 2 requisitions – one to Food Lion and one to Piggly Wiggly.
Blanket Purchase Orders

Check the Amt Ony box for all Blanket Purchase Orders. Also, you should check this box for all services with a quantity of 1.

If the box is not checked on blanket orders or services with a quantity of 1, your requisition may be denied.
When can we enter the requisition for a Blanket Purchase Order (BPO)?

JUNE 24th

When does the Supplier get the Purchase Order?

Once the Purchasing Buyer has reviewed the requisition for the procurement method, the PO will be dispatched to the Supplier, as long as there is a valid e-mail address in PeopleSoft.
A "rolled" PO means it moves from one fiscal year to the next fiscal year.
