The Pre-medical Academic and Career Exploration Series (PACES) summer residential program is an intensive five-day program designed to assist entering USC first-year students explore a career in medicine. Focusing on college preparation in pre-med studies and career exploration in the hospitals, this opportunity will help highly-motivated students learn how to become competitive medical school applicants. Interaction with medical students, shadowing in the hospitals, a trip to the gross anatomy lab, and a wealth of knowledge await PACES participants.
