Concluding Remarks

Weaknesses and Plans for Improvement
What is your unit struggling with? What plans do you have to overcome the weakness that you have faced in the next academic year.

- Weakness: Insufficient staff to meet goals including the goals to expand online test proctoring to all faculty, to expand transcription and closed captioning services, and to grow distributed learning courses, programs and enrollments.
- Plan for Improvement: ODL will continue to advocate for additional staff to meet these goals. Additional staff needed for course and media production and test proctoring.
- Weakness: Data reveals DL growth is occurring more at the undergraduate level, while most online programs are offered at the graduate level.
- Plan for Improvement: ODL staff will use DL enrollment data and market analysis information when meeting with academic units to try to grow distributed learning courses and programs, especially at the undergraduate level.

Key Issues
Identify key issues or potential challenges your unit will encounter this coming year and the steps you plan on initiating.

- Continue to collaborate with Academic and other support units to increase DL courses and programs and support for their delivery.

Quantitative Outcomes
Explain any surprises regarding data provided in the quantitative outcomes modules throughout this report.

- USC currently has 58 100% online programs
