

# Faculty Recruitment Incentive Program Application Form

The Office of the Vice President for Research (VPR) will support and assist with the start-up costs associated with hiring grant funded new faculty across the USC-Columbia campus. Each college may apply for this support by supplying information regarding the pending hire and associated grant funding. The level of support funding will be determined by the VPR on a case-by-case basis depending on the nature of grant funding being transferred to USC. IDCs associated with the incoming faculty's grant will be returned to the College. The Department Chair and Dean agree that these funds will be used towards start-up costs of the specific new faculty.
