As the state’s flagship and most comprehensive university, we offer excellence in academics, state-of-the-art research, countless student organizations and opportunities to learn beyond the classroom through study abroad, internships and community service experiences.

But what really sets us apart is our spirit, warmth and Southern hospitality. There’s a strong connection among all our students — from freshmen through upperclassmen — faculty and the community. It’s a feeling that everyone understands once they step foot onto our campus.

From move-in day to their first job interview, we strive to nurture and grow our students to be successful. No matter what challenges they take on, they’ll always feel connected to their Gamecock family.

Your students might have already chosen their major. Or maybe they’re still searching. Either way, our hundreds of degree options give them the opportunity to discover their passion, create their path and own their future. At Carolina, they’ll find a major that fits their strengths and, more importantly, what they’re meant to do.
MAJORS

CHOOSE TWO
Students must select two majors on their application for admission. This ensures the highest consideration for admission. Placement into their first-choice major is based on the competitiveness of their application.

PRE-PROFESSIONAL?
Students can study any major and still pursue a law, medical or other professional health degree. Pre-Professional Advising will help guide them in the right direction.

Note: This list is subject to change. It is intended as a guide and should not be interpreted as a comprehensive list of degree programs. Also available are numerous minors and cognates in a variety of disciplines. For specific information about undergraduate programs, refer to the Undergraduate Student Bulletin at bulletin.sc.edu. Revised May 2018
Our top-ranked Honors College is a “college within a college,” where professors fuel students’ imaginations. More than 600 creative, challenging and often unconventional courses require independent thinking, deep exploration and, in some cases, a sense of humor. Honors students have access to robust funding for research, study away, internships, service learning and senior thesis work. They can also compete for substantial university-wide funding opportunities, and the Office of Fellowships and Scholar Programs helps all students identify and compete for regional, national and international awards.

The Honors College also offers many innovative programs and opportunities, including the Washington Semester Program, the 3+3-year law school degree, the 3+4-year BARSC-M.D. degree, honors study abroad experiences and community-building activities.

**HONORS COLLEGE STUDENT AWARDS:**

- Boren Scholarships and Fellowships
- U.S. Department of State Critical Language Scholarships
- Fulbright Scholarships
- Goldwater Scholarships* 
- Knowles Science and Math Teaching Fellowships
- Madison Fellowships
- Marshall Scholarships**
- National Science Foundation Graduate Fellowships
- NOAA Hollings Scholarships
- Rhodes Scholarships
- Rotary Global Grants
- Truman Scholarships
- Udall Scholarships

*USC has a record of producing Goldwater winners each year for 25 years in a row, and all have been Honors College students.

**USC is the only institution in the state that has produced Marshall Scholars, and both were Honors College students.
CAPSTONE SCHOLARS

Capstone Scholars is a two-year, invitation-only academic enrichment program. It fosters inquiry, personal discovery and a sense of community and is built upon four basic pillars of excellence: academics, leadership, fellowship and service. As a scholar, students will complete activities related to all four pillars each semester, either locally or while traveling abroad, and make lasting friendships with others who dream big, impact the community and maximize their Gamecock experience!

CAPSTONE CONSULTATIONS

One-on-one meetings where Capstone Scholars may receive special opportunities for

PERSONAL AND ACADEMIC GROWTH

- Travel grants
- Magellan apprentice research grants
- Professional development grants
- Student leadership positions
- Capstone Scholars Leadership Program
- Local community service projects
- Completion of a personal challenge

TOP SCHOLARS

The Top Scholars program is distinguished by its highly selective, merit-based scholarships including the Stamps, Carolina, McNair, 1801 and Horseshoe Scholar awards. These five awards are the most prestigious scholarships offered to students in the freshman class. The program recognizes students across the nation who have outstanding academic talent, exemplary character, intellectual curiosity and proven leadership. In addition to substantial funding, the Top Scholars program offers specialized opportunities to ensure career, graduate and professional school preparation.

Students in the Top Scholars program represent:

This chart is a guide and is not a guarantee of future awards. Each entering class competes with itself, which influences how many students are offered merit awards and what academic credentials are necessary to qualify for these awards. Some merit scholarships are based upon additional or alternate criteria (e.g., valedictorian) and/or may have other eligibility requirements (e.g., citizenship). All freshman applicants who meet our early answer, Honors College or regular application and credentials deadlines will be considered for university merit scholarships.

Note: This chart is not related to the probability of admission, which is an entirely separate process from awarding of scholarships.
SCHOLARSHIP CONSIDERATION
All freshman applicants who meet our Early Answer, Honors College or Regular application and credentials deadlines will be considered for university merit scholarships. We'll look at their highest official SAT or ACT scores that we receive by Feb. 1. Students don’t have to fill out a separate scholarship application unless they wish to compete for the Stamps, Carolina, Hamilton, McNair, Horseshoe or Alumni Scholar awards. (These require completion of the Honors College/Top Scholars application.)

SCHOLARSHIP NOTIFICATION
Most university scholarships are awarded in mid-March for the freshman class entering in the fall. Students will receive notification via email to check their admissions portal. Departmental award notification varies; students should check directly with the department about their schedule. Due to the competitiveness of our awarding process and financial aid pool, the university is unable to negotiate aid or scholarships. Note: The university only sends notification to award recipients. If students are interested in their scholarship status after mid-March, they should call the Office of Undergraduate Admissions.

POST-FRESHMAN YEAR SCHOLARSHIPS
The university awards listed in this booklet are only offered to entering freshmen. However, departments may offer scholarships for upperclassmen. Students should check with their academic adviser about the opportunity for any awards.

FREE APPLICATION FOR FEDERAL STUDENT AID
Nearly all forms of financial aid — including grants, loans, scholarships and some student employment opportunities — start with the Free Application for Federal Student Aid, or FAFSA, at [fafsa.ed.gov](http://fafsa.ed.gov). The FAFSA becomes available on Oct. 1 of every year.

FINANCIAL AID NOTIFICATION
The university’s Office of Student Financial Aid and Scholarships will notify students of any awards via their university email account. This email notification refers students to Self Service Carolina (SSC) for detailed information about their awards. Admitted students receive login information for SSC and can monitor their financial aid application status, as well as view and accept their awards, on SSC.

UNIVERSITY DEPARTMENTAL SCHOLARSHIPS
Some academic colleges and departments at the University of South Carolina award scholarships to outstanding new freshmen. Other scholarships are available only after the freshman year. Eligibility and actual award amounts vary. Some departments award scholarships based on information provided with the application for admission, and others require additional action on the student’s part. For a complete list of departmental scholarships, corresponding criteria and application requirements, visit [sc.edu/financialaid](http://sc.edu/financialaid), select “Scholarships” then “Departmental Scholarships.” You’ll find a variety of scholarships listed.

NON-UNIVERSITY SCHOLARSHIPS
Many students receive scholarships and other financial aid from sources outside the university. It is their responsibility to notify both the Office of Student Financial Aid and Scholarships and the Bursar’s Office of any non-university scholarships. There is generally no limit to the amount of non-university scholarship awards students may receive.

ATHLETIC GRANTS-IN-AID
Students interested in playing on a Division I NCAA team should talk to their high school coach in their junior year. These awards do not participate in the tuition reduction benefit provided to some nonresident scholarship recipients.

SELF-REPORTED HIGH SCHOOL TRANSCRIPT
Students will be asked to self-report a limited portion of their academic record within the online application. They will also be required to upload a clear, legible, unofficial copy of their high school transcript with their full name and the name of their high school. We strongly encourage students to obtain a copy of their transcript before beginning the application. The official high school transcript is not a required credential. The Office of Undergraduate Admissions prefers students not send an official transcript unless we notify them that one is needed. Please note that official transcripts will be required for students who are admitted and intend to enroll at the university.

SOUTH CAROLINA HONORS COLLEGE ADMISSION
The Honors College/Top Scholars application is separate and will be accessible to qualified students in their application portal checklists within 48 hours of submitting the general university application and paying the application fee. We strongly encourage all students to complete the general admission application by the Oct. 15 Early Answer Deadline. All Honors College application materials must be received by Nov. 15, including any new test scores. In addition, two letters of recommendation are required. Recommenders are encouraged to submit letters by Nov. 15, but the latest we will accept them is Dec. 1. Honors College decisions are sent separately from regular university admissions decisions in two rounds: late December and late February. Honors applicants are automatically reviewed for USC’s most prestigious scholarships: the Stamps, Carolina, 1801, McNair and Horseshoe Scholar Awards.
ADDITIONAL INFORMATION REGARDING STANDARDIZED TESTS

SELF-REPORTED TEST SCORES
Beginning with the summer/fall 2019 freshman application cycle, the Office of Undergraduate Admissions will use self-reported standardized test scores to make initial admission and scholarship decisions. This includes admission to high-ability programs such as the South Carolina Honors College, Top Scholars and Capstone Scholars.

TEST SCORE VERIFICATION
All admitted students who intend to enroll at USC are required to submit official test scores for score verification. USC must have the official scores on which students were admitted to finalize admission and enrollment. **Students should use school code 5818 for the SAT and 3880 for the ACT.** Official scores must be received directly from the testing agency no later than June 1 (immediately following senior year). Otherwise, students’ admission and scholarships (if eligible) will be in jeopardy.

SUPERSCORING
USC does not superscore the ACT. We consider the highest composite score from a single ACT test date. However, we do superscore the SAT and use the highest Evidence-Based Reading and Writing and highest Math score from the same or separate SAT dates, whichever is higher. We will not superscore between official SAT and self-reported SAT scores. We will only superscore within official or self-reported.

MULTIPLE TEST ATTEMPTS
Students are required to report all test attempts. Undergraduate Admissions will use the test scores that give students the greatest advantage in the admissions process, which is why it is necessary to self-report all test attempts. Failure to report all scores may impact admissions or scholarship decisions.

UPDATING TEST SCORES AFTER APPLICATION FOR ADMISSION
Applying early works to students’ advantage since the date of application to USC can affect housing priority. Students will be able to update the self-reported score record after applying through the admissions application portal until Feb. 1. We strongly encourage doing this, as all scores are considered in our final notification and scholarship evaluation round.

TEST SCORES FOR EARLY ANSWER APPLICATIONS
Early Answer applicants have until Nov. 15 to update their self-reported test record via the admission application portal. Self-reported scores received by this date will be considered for our December notification round.

TEST DATE DEADLINES
The December SAT and ACT are the last test dates from which a student can receive results in time to meet our February credentials deadline. Credentials submitted by this date will be used to render final decisions related to admission, scholarships, Capstone and Honors.

REPORTING INTERNATIONAL STUDENT TEST SCORES
USC’s self-reported score policy applies to domestic freshman applicants only. Due to the highly variable nature of international educational curricula, official scores and transcripts are still required for international applicant evaluations.

APPLICATION GUIDELINES

Students can start their application online beginning in July. They can update it as many times as they need to and submit it when they’re ready. Apply online at sc.edu/admissions.

Students can also apply to the University of South Carolina via the Coalition Application: mycoalition.org.

Our admissions staff is dedicated to making the college search and application experience as smooth and seamless as possible. Feel free to reach out to us with any questions. See the facing page for contact information.

APPLICATION CHECKLIST

- University of South Carolina application (all students are highly encouraged to apply by Oct. 15)
- $65 application fee or fee waiver for those who qualify for ACT, College Board, Coalition or NACAC waivers
- SAT or ACT scores must be self-reported or sent to USC directly from the testing service (use 5818 for the SAT and 3880 for the ACT)
- Honors College/Top Scholars application (available to qualified students who submit the university application prior to Nov. 15)

COUNSELORS

Whether you live in South Carolina and have an assigned in-state recruiter, or you live out-of-state and have an assigned regional recruiter, you also have another important contact in Admissions: Suzanne Cruea, Assistant Director for College Counselor Outreach. Suzanne manages our special events for counselors and works with the USC Visitor Center to make sure you get the most from your campus visit. No matter what type of visit you plan, we’re here to ensure your experience is an exceptional one.

Contact Suzanne at smedlin@sc.edu or (803) 777-7700 to plan your visit.

STUDENTS

Students can keep in touch with the USC Gamecocks by completing our online form at sc.edu/admissions, then “Connect With Us.” They’ll receive personalized messages and all of our latest print materials delivered to their door.

VISIT CAMPUS

Students are also invited to tour our campus and learn more about USC from our student ambassadors. Call the Visitor Center at 803-777-0169. 8:30 a.m.-5 p.m., Monday-Friday sc.edu/visit

TOUR ONLINE

View our virtual tour online anytime at sc.edu/virtualtour.

*Applications must be complete, and all academic credentials and test scores must be received by Feb. 1.

**Possible decisions at this time are acceptance, denial or delay until March. Students have until Feb. 1 to submit improved test scores. Early answer decisions do not obligate students to attend USC.
