Geological Sciences and Geophysics Scholarship

Awarded to selected majors in Geological Sciences and Geophysics. Both incoming and current majors with a minimum 3.0 GPA are invited to apply. Application available at http://seoe.sc.edu/scholarships or by request.

Application Available at: http://seoe.sc.edu/scholarships

Environmental Scholars Endowment

The purpose of this endowment is to provide support for students who are currently enrolled, or accepted for enrollment, to an undergraduate or graduate program in the environmental sciences.

Environmental Science and Environmental Studies Scholarships

Awarded to selected undergraduate majors in Environmental Science and Environmental Studies. Both incoming and current majors with a minimum 3.0 GPA are invited to apply. Applications are available at http://www.seoe.sc.edu/scholarships or by request.

The Morris Scholarship is awarded based on demonstration of academic excellence and financial need. Students must have completed 30 hours of coursework at USC as a Marine Science major to be eligible. Applications are solicited in the spring for an award which will be applied to their account for the following academic year.

Graduate student in good standing within their graduate program with excellent GIS skills, ability to construct a web-based platform displaying multiple sea level rise scenarios and storm-water ponds.

Awarded to a student with superior academic achievement in Geological Sciences or Geophysics.

Awarded based on a nomination of a Geology graduate student by faculty, voted on by Geoscience Grad Committee.

- **Geological Sciences - Taber Award for Outstanding Masters Research**
  - Awarded based on a nomination of a Graduate Geology student by faculty, voted on by Geoscience Grad Committee.

- **Geological Sciences - Taber Award for Outstanding Teaching**
  - Awarded to a Geology Graduate student based on teaching evaluations of prior semester.

- **MEERM-Terracon USC Scholarship**
  - Applicant will be selected based on a competitive GPA, will preferably be in their first year of the MEERM program and the recipient will have identified a focus area in hydrology, remediation, or natural resources evaluation in which to complete their thesis or internship.

- **Geological Sciences and Geophysics - The Distinguished Academic Achievement Award**
  - Award for students with senior standing in the Geological Sciences or Geophysics program who have established a distinguished
record of academic achievement.

**Marine Science - The F. John Vernberg Bicentennial Fellowship in Marine Science**

This scholarship is awarded to a doctoral student in geological sciences or geophysics near the end of his/her graduate career.
GeoScholar Scholarship Recipients may receive up to $7910/year in financial aid and housing in their first year and $5000/year thereafter, renewable up to four years. In certain circumstances, students may be eligible for a 5th year of aid. This four-year value worth approximately $22,910 and the award may be combined with other sources of state and federal-based aid.

Benefits include: a series of common courses and academic support programs, research opportunities, and one on one mentoring with faculty throughout the year. All activities are fully integrated with the geoscience majors. First year students are housed together in the Green Quad, a centrally located LEAD certified facility.

Geoscience degrees eligible for the award include the following academic degree programs within the School of the Earth, Ocean, & Environment: Environmental Science, Geology, Geophysics, and Marine Science.

Expected GEO-Scholar awards: 6 - 8 new scholarships each year.

Eligible Students: Academically talented students majoring in the geosciences who demonstrate financial need with recruitment emphasis on students that are historically under-represented in the geosciences, including students who are African American, American Indian or Alaska Native, and Hispanic or Latino, female, first generation college students, and students with disabilities. Non-traditional and transfer students are also encouraged to apply.

Application Available at: http://artsandsciences.sc.edu/seoe/undergrad/geoscholar-scholarship-program

Students at the University of South Carolina who are Juniors by the end of the Spring semester (i.e. rising seniors) shall be eligible to be nominated. Students must be currently enrolled full-time students and have a minimum GPA of 3.0.

Students can be self-nominated, or nominated by a member of the USC community students, staff or faculty. Nominations should address how the student has made an impact in one or more of the following areas related to sustainability: scholarship, leadership, and engagement. Application available: http://seoe.sc.edu/scholarships
