The Morris Scholarship is awarded based on demonstration of academic excellence and financial need. Students must have completed 30 hours of coursework at USC as a Marine Science major to be eligible. Applications are solicited in the spring for an award which will be applied to their account for the following academic year.
### The F. John Vernberg Bicentennial Fellowship in Marine Science

- **Application:** Yes
- **Deadline Date:** N/A
- **Contact Name:** Dr. James Morris
- **Contact Phone Number:** 803.777.5288
- **Contact E-mail Address:** morris@inlet.geol.sc.edu

Awarded to University of South Carolina Master's or Ph.D. student whose research is being conducted with the Baruch Institute and is in the subject of marine science. The award may be used for any educational purpose. The award is $1000. Application is in the Spring semester. Application period and deadline are announced/posted.

### The F. John Vernberg Graduate Fellowship in Marine Science

- **Application:** Yes
- **Deadline Date:** N/A
- **Contact Name:** Dr. James Morris
- **Contact Phone Number:** 903.777.5288
- **Contact E-mail Address:** morris@inlet.geol.sc.edu

Awarded to University of South Carolina graduate student who has completed all of the requirements for the Ph.D. degree, except for the dissertation, in the subject of marine science. The student's research will have been conducted with the Baruch Institute. The award may be used for any educational purpose. The award is $1000. Application is in the Spring semester. Application period and deadline are announced/posted.

### GeoScholar Scholarship Program

- **Application:** Yes, electronic submission to SCGEOSCH@mailbox.sc.edu
- **Deadline Date:** March 25, 2016
- **Contact Name:** Claudia Benitez-Nelson
- **Contact Phone Number:** 803.777.0018
- **Contact E-mail Address:** cbnelson@geol.sc.edu

GeoScholar Scholarship Recipients may receive up to $7910/year in financial aid and housing in their first year and $5000/year thereafter, renewable up to four years. In certain circumstances, students may be eligible for a 5th year of aid. This a four-year value worth approximately $22,910 and the award may be combined with other sources of state and federal-based aid.
Benefits include: a series of common courses and academic support programs, research opportunities, and one on one mentoring with faculty throughout the year. All activities are fully integrated with the geoscience majors. First year students are housed together in the Green Quad, a centrally located LEAD certified facility.

Geoscience degrees eligible for the award include the following academic degree programs within the School of the Earth, Ocean, & Environment: Environmental Science, Geology, Geophysics, and Marine Science.

Expected GEO-Scholar awards: 6 - 8 new scholarships each year.

Eligible Students: Academically talented students majoring in the geosciences who demonstrate financial need with recruitment emphasis on students that are historically under-represented in the geosciences, including students who are African American, American Indian or Alaska Native, and Hispanic or Latino, female, first generation college students, and students with disabilities. Non-traditional and transfer students are also encouraged to apply.

Application Available at: http://artsandsciences.sc.edu/seoe/undergrad/geoscholar-scholarship-program
