Noyce Scholarships for Secondary Science and Mathematics Education	Yes	April 6, 2018	Kathy Henson	khenson@sc.edu
---	-----	---------------	--------------	----------------

The application deadline for the Noyce Scholarships is Friday, April 6, 2018.

This scholarship funds juniors, seniors, MT students and second year MAT science and mathematics students.

If you qualify, you may be awarded up to \$11,500 per year to complete a bachelor's degree and an MT/MAT degree program.

Besides your regular coursework, if you qualify you will participate in a special seminar program to help build and support your subject matter content knowledge and teaching skills.

You apply in the last semester of your sophomore year (or possibly junior) year or at the end of your first year in the MAT science/math program.

You must teach high school science or mathematics in a high-need school district for 2 years for each year of Noyce scholarship you receive.

The Noyce Scholarships do not follow the same application process as the others listed on this page. To apply, submit a copy of the Noyce Scholarship Application [pdf] to the offices listed in the application.

Please contact Kathy Henson at khenson@sc.edu with any questions.

Each year, the Scholarship Committee of the School of Visual Art & Design will award a scholarship to a rising junior. The award is strictly on merit for an Art Education major who has shown unusual promise and commitment to art & teaching. The award will be for their junior and senior years (with exception noted below). During the summer between his/her junior and senior years, the Ethel S. Brody Scholar will be invited to participate in a summer workshop at the Penland School of Crafts under the auspices of the Ethel S.

Brody Scholarship Endowment that has been established at Penland for this purpose.

Renewal of the award in the second year will be contingent upon: the student continuing as a full-time student in the Art Education major; continuing to meet the GPA requirement of a 3.5 as well as other academic requirements of the award; and continuing to "exhibit unusual promise and commitment to art and teaching." Should the incumbent recipient not fulfill these terms, said Scholarship Committee will have the discretion to either provide the award to an alternate, qualified rising student.
