

Gettysburg College

First-Year Seminar/Experience Assessment of Outcomes

Do great work

320
Students

20
Burg Seminars

20
Faculty

20
College Life Staff

- We expanded our FYS/FYE program from 15 to 20 seminars.
- We linked learning goals with our academic coursework and campus life.
- We increased faculty/student campus life discussion sessions.
- We increased first-year student retention.

- **Biggest Success:** Confirmation that assessment data prove that this integrated model had a positive impact on student learning and curricular awareness, especially the Integrative Thinking learning goal.
- **Biggest Challenge:** Maintaining faculty/college life staff commitment to FYS/FYE, and encouraging more faculty to embrace this new model.

- Advising
- Campus Culture
- The Liberal Arts
- Scholarships & Fellowships

- Study Abroad
- Undergraduate Research
- Career Development
- First-Year Common Reading

- **The Gettysburg Curriculum**
 - Multiple Inquires
 - Integrative Thinking
 - Effective Communication

- Informed Citizenship
- Study in Depth
