

The University of South Carolina is seeking the services of three structural consulting firms to provide design services, including but not limited to renovations, repairs, maintenance and new construction for miscellaneous projects. Some work orders executed under this contract may require the firm to coordinate work with other University consultants (i.e., architects, engineers, inspection and testing firms, LEED consultants and others as needed) to complete the design and construction for assigned projects. Firms selected for award will be required to submit a written quality assurance and control plan which shall be applied to these interdisciplinary projects. Experience working with state agencies preferred. Also, experience working on an "on call" or "as needed" basis preferred. At the discretion of the University, selected firms could be asked to provide services at any USC Campus. There will be no travel reimbursement for projects within a 50 mile radius of the principal's office.
