15.5 CLAIM AND DISPUTES - DUTY OF COOPERATION, NOTICE, AND ARCHITECTS INITIAL DECISION

15.5.1 Contractor and Owner are fully committed to working with each other throughout the Project to avoid or minimize claims. To further this goal, Contractor and Owner agree to communicate regularly with each other and the Architect at all times notifying one another as soon as reasonably possible of any issue that if not addressed may cause loss, delay, and/or disruption of the Work. If claims do arise, Contractor and Owner each commit to resolving such claims in an amicable, professional, and expeditious manner to avoid unnecessary losses, delays, and disruptions to the Work.

15.5.2 Claims shall first be referred to the Architect for initial decision. An initial decision shall be required as a condition precedent to resolution pursuant to Section 15.6 of any Claim arising prior to the date of final payment, unless 30 days have passed after the Claim has been referred to the Architect with no decision having been rendered, or after all the Architect's requests for additional supporting data have been answered, whichever is later. The Architect will not address claims between the Contractor and persons or entities other than the Owner.

15.5.3 The Architect will review Claims and within ten days of the receipt of a Claim (1) request additional supporting data from the claimant or a response with supporting data from the other party or (2) render an initial decision in accordance with Section 15.5.5.

- 15.5.4** If the Architect requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of such request, and shall either (1) provide a response on the requested supporting data, (2) advise the Architect when the response or supporting data will be furnished or (3) advise the Architect that all supporting data has already been provided. Upon receipt of the response or supporting data, the Architect will render an initial decision in accordance with Section 15.5.5.
- 15.5.5** The Architect will render an initial decision in writing; (1) stating the reasons therefor; and (2) notifying the parties of any change in the Contract Sum or Contract Time or both. The Architect will deliver the initial decision to the parties within two weeks of receipt of any response or supporting data requested pursuant to Section 16.4 or within such longer period as may be mutually agreeable to the parties. If the parties accept the initial decision, the Architect shall prepare a Change Order with appropriate supporting documentation for the review and approval of the parties and the Office of State Engineer. If either the Contractor, Owner, or both, disagree with the initial decision, the Contractor and Owner shall proceed with dispute resolution in accordance with the provisions of Section 15.6.
- 15.5.6** In the event of a Claim against the Contractor, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.
- 15.6 DISPUTE RESOLUTION**
- 15.6.1** If a claim is not resolved pursuant to Section 15.5 to the satisfaction of either party, both parties shall attempt to resolve the dispute at the field level through discussions between Contractor's Representative and Owner's Representative. If a dispute cannot be resolved through Contractor's Representative and Owner's Representative, then the Contractor's Senior Representative and the Owner's Senior Representative, upon the request of either party, shall meet as soon as conveniently possible, but in no case later than twenty-one days after such a request is made, to attempt to resolve such dispute. Prior to any meetings between the Senior Representatives, the parties will exchange relevant information that will assist the parties in resolving their dispute. The meetings required by this Section are a condition precedent to resolution pursuant to Section 15.6.2.
- 15.6.2** If after meeting in accordance with the provisions of Section 15.6.1, the Senior Representatives determine that the dispute cannot be resolved on terms satisfactory to both the Contractor and the Owner, then either party may submit the dispute by written request to South Carolina's Chief Procurement Officer for Construction (CPOC). Except as otherwise provided in Article 15, all claims, claims, or controversies relating to the Contract shall be resolved exclusively by the appropriate Chief Procurement Officer in accordance with Title 11, Chapter 35, Article 17 of the South Carolina Code of Laws, or in the absence of jurisdiction, only in the Court of Common Pleas for, or in the absence of jurisdiction a federal court located in, Richland County, State of South Carolina. Contractor agrees that any act by the State regarding the Contract is not a waiver of either the State's sovereign immunity or the State's immunity under the Eleventh Amendment of the United State's Constitution.
- 15.6.3** If any party seeks resolution to a dispute pursuant to Section 15.6.2, the parties shall participate in non-binding mediation to resolve the claim. If the claim is governed by Title 11, Chapter 35, Article 17 of the South Carolina Code of Laws as amended and the amount in controversy is \$100,000.00 or less, the CPOC shall appoint a mediator, otherwise, the mediation shall be conducted by an impartial mediator selected by mutual agreement of the parties, or if the parties cannot so agree, a mediator designated by the American Arbitration Association ("AAA") pursuant to its Construction Industry Mediation Rules. The mediation will be governed by and conducted pursuant to a mediation agreement negotiated by the parties or, if the parties cannot so agree, by procedures established by the mediator.
- 15.6.4** Without relieving any party from the other requirements of Sections 15.5 and 15.6, either party may initiate proceedings in the appropriate forum prior to initiating or completing the procedures required by Sections 15.5 and 15.6 if such action is necessary to preserve a claim by avoiding the application of any applicable statutory period of limitation or repose.

PERFORMANCE BOND**NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH THAT:**

1. The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Agency for the full and faithful performance of the contract, which is incorporated herein by reference.
2. If the Contractor performs the contract, the Surety and the Contractor have no obligation under this Bond, except to participate in conferences as provided in paragraph 3.1.
3. The Surety's obligation under this Bond shall arise after:
 - 3.1 The Agency has notified the Contractor and the Surety at the address described in paragraph 10 below, that the Agency is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than 15 days after receipt of such notice to discuss methods of performing the Contract. If the Agency, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Contract, but such an agreement shall not waive the Agency's right, if any, subsequently to declare a Contractor Default; or
 - 3.2 The Agency has declared a Contractor Default and formally terminated the Contractor's right to complete the Contract.
4. The Surety shall, within 15 days after receipt of notice of the Agency's declaration of a Contractor Default, and at the Surety's sole expense, take one of the following actions:
 - 4.1 Arrange for the Contractor, with consent of the Agency, to perform and complete the Contract; or
 - 4.2 Undertake to perform and complete the Contract itself, through its agents or through independent contractors; or
 - 4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Agency for a contract for performance and completion of the Contract, arrange for a contract to be prepared for execution by the Agency and the contractor selected with the Agency's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the Bonds issued on the Contract, and pay to the Agency the amount of damages as described in paragraph 7 in excess of the Balance of the Contract Sum incurred by the Agency resulting from the Contractor Default; or
 - 4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and:
 - 4.4.1 After investigation, determine the amount for which it may be liable to the Agency and, within 60 days of waiving its rights under this paragraph, tender payment thereof to the Agency; or
 - 4.4.2 Deny liability in whole or in part and notify the Agency, citing the reasons therefore.
5. Provided Surety has proceeded under paragraphs 4.1, 4.2, or 4.3, the Agency shall pay the Balance of the Contract Sum to either:
 - 5.1 Surety in accordance with the terms of the Contract; or
 - 5.2 Another contractor selected pursuant to paragraph 4.3 to perform the Contract.
 - 5.3 The balance of the Contract Sum due either the Surety or another contractor shall be reduced by the amount of damages as described in paragraph 7.
6. If the Surety does not proceed as provided in paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond 15 days after receipt of written notice from the Agency to the Surety demanding that the Surety perform its obligations under this Bond, and the Agency shall be entitled to enforce any remedy available to the Agency.
 - 6.1 If the Surety proceeds as provided in paragraph 4.4 and the Agency refuses the payment tendered or the Surety has denied liability, in whole or in part, then without further notice the Agency shall be entitled to enforce any remedy available to the Agency.
 - 6.2 Any dispute, suit, action or proceeding arising out of or relating to this Bond shall be governed by the Dispute Resolution process defined in the Contract Documents and the laws of the State of South Carolina.
7. After the Agency has terminated the Contractor's right to complete the Contract, and if the Surety elects to act under paragraph 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the Agency shall be those of the Contractor under the Contract, and the responsibilities of the Agency to the Surety shall those of the Agency under the Contract. To a limit of the amount of this Bond, but subject to commitment by the Agency of the Balance of the Contract Sum to mitigation of costs and damages on the Contract, the Surety is obligated to the Agency without duplication for:
 - 7.1 The responsibilities of the Contractor for correction of defective Work and completion of the Contract; and
 - 7.2 Additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under paragraph 4; and
 - 7.3 Damages awarded pursuant to the Dispute Resolution Provisions of the Contract. Surety may join in any Dispute Resolution proceeding brought under the Contract and shall be bound by the results thereof; and
 - 7.4 Liquidated Damages, or if no Liquidated Damages are specified in the Contract, actual damages caused by delayed performance or non-performance of the Contractor.
8. The Surety shall not be liable to the Agency or others for obligations of the Contractor that are unrelated to the Contract, and the Balance of the Contract Sum shall not be reduced or set-off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Agency or its heirs, executors, administrators, or successors.
9. The Surety hereby waives notice of any change, including changes of time, to the contract or to related subcontracts, purchase orders and other obligations.

Sodding

The scope of this project includes site preparation and the installation of sod for the USC Horseshoe green space, which has been broken up into 6 sections. The approximate square footage to be constructed is 100,600 or 2.3 acres (see Site Plan, Sheet L-1).

Sod quantities are provided for reference. The Contractor shall be responsible for verifying all quantities prior to bidding; any discrepancies between the plan quantities and site conditions shall be brought to the attention of the Owner prior to bid closing.

The project is anticipated to start on or around June 1, 2015 and be completed in 30 calendar days. The contractor shall coordinate the project schedule with any adjacent projects, including brick repairs on Horseshoe walks, and other University events and requirements.

The Owner (being University of South Carolina, and responsible party being Facilities Landscape Department) will be responsible for the following prior to and during the construction:

Prior: Spray herbicide as needed to eliminate perennial weed and grass populations.

Prior: Locate utilities and irrigation heads and valves and have them marked and flagged. Adjust any irrigation heads as needed.

Prior: Provide soil tests results.

Prior/During: Define and prepare new tree bed lines and remove mulch, soil, roots and stumps from those areas.

During: Once sod is installed will assure new sod is watered in.

The Contractor shall take appropriate measures to protect all historic brick walls, brick walkways, site furniture, trees and other existing elements in the area.

The Contractor shall take appropriate measures to keep worksite clean and safe on a daily basis especially at the end of a workday. Pathways shall remain accessible overnight and during the weekends.

Products

Topsoil shall be ASTM D topsoil, with a pH range of 5.5 to 7, a minimum of 4% organic material; free from stones 1" or larger in any dimension, and other extraneous materials harmful to plant growth.

Fertilizer shall be a complete slow-release fertilizer as specified by the soil analysis and shall conform to the applicable state fertilizer laws. Fertilizer shall be uniform in composition, dry and

free-flowing, and shall be delivered to the site in the original unopened containers, each bearing the manufacturer's guaranteed analysis. Any fertilizer which becomes caked or otherwise damaged making it unsuitable for use will not be accepted.

Lime shall be ground dolomitic limestone containing not less than eighty-five percent (85%) of total carbonates and shall be ground to a fineness such that 5% will pass through a 100-mesh sieve, and 90% will pass through a 20-mesh sieve. Coarser material shall be acceptable provided that the specified rates of application are increased proportionately on the basis of quantities passing the 100-mesh sieve.

Ammonium nitrate shall be a commercially available agricultural chemical and shall be furnished under the manufacturer's guaranteed statement of analysis giving percentage of active ingredients.

Sod shall be well-rooted, at least 98% 'Zenith' Zoysia completely free of noxious weeds and grasses. It shall be mowed to a height not to exceed two (2) inches before lifting, and shall be a uniform thickness, with not over 1-1/4" or less than 1" of soil. Sod shall be approved by the Owner before planting. Contractor shall provide 1 roll of sod for inspection and approval. Turfgrass sod shall come from same farm for each section labeled on the Horseshoe.

Inspection of turfgrass sod by the Owner may be made at the growing site, but such inspection will not preclude rejection after delivery to the job site. Any turfgrass sod so rejected shall be removed from the site immediately and replaced with acceptable turfgrass sod. Inspection of turfgrass sod shall include conformity to quantity, specified nomenclature, and health requirements.

Delivery and off-loading of sod shall be approved by owner and owner shall be present at time of delivery.

Contractor and Owner shall agree on the site for delivery.

Site Preparation

The Contractor shall be responsible for calculating the square footage of sections to receive new sod.

The contractor shall prevent any erosion or sediment loss from the turf areas onto adjacent pavements, storm drain structures, or other site features. The contractor shall erect silt fencing or staked sediment tubes along pavement edges, at the downhill side of any turf area being prepared. Any storm drain inlets shall be protected with silt fencing (see Project Manual for erosion control details).

The Contractor shall till and/or Harley rake the soil to a depth of two (2) inches, and furnish and apply topsoil as needed to achieve proper grades.

The Contractor shall grade the area to allow proper drainage. Allow for settlement of prepared grade. Roll prepared areas with a sod roller to provide a lightly compacted planting bed to receive the sod.

The Contractor shall remove trash, sticks and stones of two (2) inches or more.

The Contractor shall cultivate no closer than 12 inches from brick walkways.

The Contractor shall notify owner upon cultivation of soil if foreign objects, utilities, old construction debris, large roots or stumps, or other artifacts are located.

The Contractor shall supply and incorporate into the soil any amendments such as limestone per soil tests.

The Contractor shall supply and distribute fertilizer according to the application rates and determined by soil tests or upon approval of owner. This is to be done before installation of sod.

Any undulations or irregularities in the surface resulting from liming, fertilizing or other causes shall be leveled prior to turfgrass sod installation.

Areas damaged by run-off or erosion shall be reconstructed and all grades reestablished by the Contractor prior to sod installation.

Contractor will notify owner upon nearing completion of graded area in order to schedule sod delivery and installation and receive satisfactory approval from owner for the graded area so as to keep the project moving in a timely manner.

Installation of Sod

Turfgrass sod shall be delivered, installed and watered in on the same day. Leftover pallets of sod at the end of the workday will not be accepted for installation on the following day.

Turfgrass sod shall be installed on moist soil, not dry or powdery.

Turfgrass sod shall be installed in straight lines, with subsequent rows placed parallel to, and tightly against, each other. Any lateral joints shall be staggered to promote more uniform growth and strength. All joints are to be butted tight in order to prevent voids. At Owner's direction, joints shall be sanded.

Any netting shall be removed from the sod prior to installation.

Contractor shall roll sod to eliminate air pockets and provide firm contact with the soil.

Contractor shall keep owner informed upon completion of installed area and owner will assure new sod is watered in.

Owner shall be responsible for watering installed sod during and after project.

Clean-up

Any soil, sand, debris, or similar material which has been brought onto paved areas within or outside of the project area by hauling operations or otherwise shall be removed promptly, keeping these areas clean at all times. Upon completion of the sodding, all excess soil, stones, debris shall be removed from the site.

The Contractor shall be responsible for the repair of any damage caused by his activities or those of his subcontractors within or outside of the project area, such as the storage of topsoil or other materials, operation of equipment, or other usage. Such repair operations shall include any re-grading, sodding or other work necessary to restore damaged work or areas to an acceptable condition.

Acceptance: Acceptance of the installed turfgrass sod shall be on a daily basis within 14 hours of completion of an area or section, unless otherwise specified.

DISCLAIMER: The landscape contractor shall not be held liable for damages to turfgrass sod caused by acts of God or vandalism.

GUARANTEE: The landscape contractor shall guarantee work covered by this specification.
