

ADDENDUM NUMBER ONE
for
University of South Carolina - Horseshoe Turf Replacement
State Project Number: H27-Z220

COLUMBIA, SOUTH CAROLINA
PREPARED BY:
Michelle Adams, Procurement Manager
University of South Carolina

DATE OF ISSUE: April 14, 2015

TO: All Bidders of Record

The following items shall take precedence over information the bid documents for the above named project and shall become a part of the bid documents. Where any item called for in any specifications, or indicated on the drawings, is not supplemented hereby, the original requirements shall remain in effect. Where any original item is amended, voided or superseded hereby, the provisions of such item not specifically amended, voided or superseded shall remain in effect.

BIDDERS SHALL ACKNOWLEDGE RECEIPT OF ALL ADDENDA ON THE SE-330 BID FORM INCLUDED IN THE BID PACKAGE. FAILURE TO DO SO MAY BE DEEM THE BID NON-RESPONSIVE

This addendum consists of **3 pages** and the following attachments:

Pre-Bid Sign in Sheets (2 pages)

I. GENERAL

1. **Bid Closing date has been changed to Thursday, April 23, 2015 at 2:00pm. 743 Greene Street, Columbia, SC 29208. Conference Room #53.**
2. All questions should be submitted to the architect by noon on Thursday, April 16, 2015. The final addendum will be posted by 5:00pm on Friday, April 17, 2015.
3. The existing Horseshoe irrigation is in linear zones running east and west, (i.e. not in north-south zones or sections as quantified on the Site Plan). This will inform how the work is planned. The contractor may elect to cap off selected heads to better control irrigation during the installation.
4. The contractor shall protect the interior brick walkways from equipment and other damage with plywood.
5. USC will arrange and pay for delivery and servicing of a 30-yard roll-off container at the project site, to be used for organic debris removed from the project site.
6. Zoysia sod shall be a 'SC Certified Grass' as defined by the Clemson Department of Plant Industry, or an equivalent certification from the state of sod production. Contractor shall submit certificates signed by producer for each shipment.
7. The contractor shall apply a slow-release-nitrogen formula starter fertilizer with an analysis of 14-20-4, at the rate of five pounds per 1,000 square feet.
