## **THE FOLLOWING QUESTIONS WERE RECEIVED FROM VENDOR A:**

**QUESTION #1:** Is there a current contract in place? If so how can we **inspect** those documents?

**ANSWER:** Currently there is no contract for Providing Professional Services to Assist the University Technology Services (UTS) in the Next Phase of its Oracle Identity Management Project. The previous contract has expired. Freedom of Information Action (FOIA) request is the vehicle available to you if you wish to inspect the contract documents from the previous contract. See “CONTRACT DOCUMENTS & ORDER OF PRECEDENCE (JANUARY 2006) clause on page 20 of the solicitation for details of what’s included in the contract.

**QUESTION #2:** Is there any performance work statement you can provide that gives us more detail into what exactly it is you are hoping to accomplish?

**ANSWER:** This solicitation is a Fixed Price Bid for services which represents a solicitation type where the University has set the maximum price it is willing to pay for a good or service it is trying to procure (i.e. fixed price). Refer to the “notes” in the middle paragraphs of page 35 of the solicitation. Section III – Scope of Work / Specifications provides a general description of the types of services we anticipate. However, individual statements of work will be issued based upon the work needed and requested by the University during the contract term.

**QUESTION #3:** If in fact you do have a contract in place now, what is the current cost of the contract and can we examine its documents?

**ANSWER:** No, the University does not currently have a contract for Providing Professional Services to Assist the University Technology Services (UTS) in the Next Phase of its Oracle Identity Management Project in place.

**QUESTION #4:** What is the estimated number of personnel you anticipate you will require for this solicitation? How many in house and how many remotely?

**ANSWER:** Refer to the answer to Question #2 above. Individual statements of work will be issued for work based upon need during the contract term. We cannot anticipate what those needs will be at this time.
