THE FOLLOWING QUESTION REGARDING THE SOLICITATION WAS SUBMITTED BY VENDOR:

QUESTION #1: Given the indicated award date of July 7, 2014 we are interested to hear whether the July 30, 2014 delivery date of all materials to campus remains a requirement/expectation. If not, what might be a revised timeline for the pieces?

ANSWER: The University has decided to extend the delivery date of all materials to the USC Upstate campus for the first year/initial production to August 15, 2014. If offeror doesn't feel there is any way possible that it can meet the extended delivery date of August 15, 2014 of all materials to the USC Upstate campus for the first year/initial production, then offeror should state its best delivery date of all materials to the USC Upstate campus for the first year/initial production and describe in detail the extenuating circumstances that will prevent it from meeting the extended delivery date of August 15, 2014. The evaluation committee will take into account the extenuating circumstances when evaluating offeror's best delivery date of all materials to the USC Upstate campus for the first year/initial production.
