THE FOLLOWING REQUEST FOR CLARIFICATION / QUESTION WAS RECEIVED FROM VENDOR A:

REQUEST FOR CLARIFICATION/ QUESTION: I would like to just clarify with you appropriate submission of the Request for Qualification regarding the Computer Aided Dispatch and Records Management System for the University of South Carolina. In the Information For Offerors to Submit – General .. the section VIII. Bidding Schedule/Price Proposal is listed as information that should be responded to/submitted. However, since that area was intentionally left blank, and that the following “Offeror is not to include any pricing information; pricing information will not be considered” statement was made, am I to assume that pricing information is unwanted at this point in the process?

Pricing information is something that we are very happy to provide, as it is normally a big selling factor for _____, however if it is unwanted, I will be sure not to submit.

Can you please clarify this for me?

INFORMATION FOR OFFERORS TO SUBMIT – GENERAL (JANUARY 2006): Offeror shall submit a signed Cover Page and Page Two. Offeror should submit all other information and documents requested in this part and in parts II.B. Special Instructions; III. Scope of Work; V. Qualifications; VIII. Bidding Schedule/Price Proposal; and any appropriate attachments addressed in section IX. Attachments to Solicitations.

To be considered for award, all proposals should include, as a minimum, the following information. **Offerors shall submit all information and documents required here or elsewhere in this solicitation. All information should be presented in the order listed.**

Offeror is not to include any pricing information; pricing information will not be considered. Offeror is not to include any terms and conditions in its response that are in direct conflict with the terms and 13 conditions stated in this RFP. Offeror may make a statement that it request the University to consider or discuss additional terms that are listed, but do not make them mandatory. This will allow the University to negotiate these terms with the Offeror if it is among the highest ranked offerors.

CLARIFICATION / ANSWER: In the Request for Qualifications (RFQ) solicitation type, the University is evaluating only an offeror’s qualifications, experience, and ability to perform the requirements of the contract. The highest ranked, responsive and responsible offerors whose qualifications are determined to be most advantageous to the University will qualify to respond to the follow on Request for Proposals (RFP) solicitation. In responding to the follow on RFP, qualifying offerors will be asked to include pricing for their proposed Records Management System (RMS) and Computer Aided Dispatch (CAD) applications in the proposals they submit.
