Question # 1

i The last agreement was a lease. Is this agreement a purchase with annual maintenance?

Answer

No it will be a lease

Question #2

1) Can USC please provide a more detailed explanation of the requirement for export and import of data from carriers? (Minimal Requirements Section, question 10, page 13)

Answer

This refers to the tracking system having the ability to connect to the external carrier (USPS, UPS, FedEx and all others) tracking system so that our information and delivery scan will upload into their systems.

In other words linking our “last mile” processing to the carriers system. (This process is actually being tested by the USPS and a few select Universities)

Although not presently in use we would like to be able to have the ability once the system is finalized.
