

## H27- Z219 Horry Guignard Taylor House Exterior Repairs

Stabilization and weatherization of exteriors for the Horry-Guignard house and the Taylor house. These two buildings are two of the oldest houses in Columbia and are on the National Register of Historic Buildings. Located on the block where the New Law School is currently under construction, site access will be limited and will require coordination with the Law School; therefore, work must be completed prior to the Law School's grand opening. This project is of historic nature and requires craftsmen specializing in historic restoration.

A pre-bid conference and examination of the site and conditions will be conducted at 1505 Senate St. 2:00 PM, April 27, 2016. Bidders shall meet with Owner's Representative at the main front entrance at walk gate South side of Taylor House for that purpose. Personal Protection Equipment (PPE) is required while on site. Video or photographic images are prohibited without express written consent by USC. Contractors should have their subcontractors in attendance.
