TERMS AND CONDITIONS

All amendments to and interpretations of this Request for Quotations shall be in writing. The procurement officer shall not be legally bound by any amendment or interpretation that is not in writing.

Any contract entered into by the University of South Carolina or its agencies resulting from this solicitation shall be subject to cancellation at the end of any fiscal or appropriated year unless otherwise provided by law.

Unit prices will govern over extended prices unless otherwise stated. Quoted prices must remain firm for a period of thirty (30) days after the RFQ deadline.

Award will be made in accordance with 11-35-1550 of the South Carolina Consolidated Procurement Code.

Award of lot will be made to one offeror.

Award will be made by complete lot(s).

All materials and products offered must be guaranteed to meet and comply with the requirements of all specifications, terms, and conditions indicated in this solicitation.

The University reserves the right to: (1) reject any and all quotations and to cancel the solicitation; (2) waive any and all technicalities; (3) reject any quotation in which the delivery time indicated is of substantial length to cause disruption and/or delay in operation for which the item(s) is/are intended; (4) reject ambiguous quotations which are uncertain as to terms, delivery, quantity, or compliance with specifications.

The successful bidder assumes sole responsibility and shall hold harmless the University of South Carolina, its directors, officers, employees, and agents from and against any and all claims, actions, or liabilities of any nature which may be asserted against them by third parties in connection with the performance of the successful bidder, its directors, officers, employees, and agents under this agreement. The University of South Carolina agrees to accept responsibility for claims, actions, or liabilities resulting from negligent acts of its employees occurring within the scope of their employment which may be asserted against them by third parties in connection with the performance of the University of South Carolina, its members, directors, officers, employees, and agents under this agreement.

Contractor agrees not to refer to award of this contract in commercial advertising in such a manner to state or imply that the products or service provided are endorsed or preferred by the user.

Upon award of a contract under this solicitation, the person, partnership, association, or corporation to whom the award is made must comply with the laws of South Carolina that require such person or entity to be authorized and/or licensed to do business in this State. Notwithstanding the fact that applicable statutes may be exempt or exclude the successful offeror from requirements that it be authorized and/or licensed to do business in this State, by submission of this signed quote, the quoter agrees to subject itself to the jurisdiction and process of the courts of the State of South Carolina as to all matters and disputes arising or to arise under the contract and the performance thereof, including any questions as to the liability for taxes, licenses, or fees levied by the State.

Payment will be made in accordance with 11-35-45 of the South Carolina Consolidated Procurement Code and Disbursement Regulations. Delay in receiving invoices, as well as errors and omissions on the invoices, will be considered just cause for withholding payment without losing discount privileges. The University reserves the right to withhold payment or make such deductions as may be necessary to protect the

University from loss or damage because of defective work, claims, damages, or to pay for repair of correction of materials furnished hereunder.

QUESTIONS FROM OFFERORS

Any prospective offeror desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing. Questions must be received by the Procurement Officer no later than **June 10, 2016 at 12:00PM EST**. Submit any communication regarding this solicitation to the Procurement Officer and include the solicitation number and description. Oral explanations or instructions will not be binding. Any information given to a prospective offeror concerning this solicitation will be furnished to all other prospective offerors as an Amendment to the solicitation if that information is necessary for submitting offers or if the lack thereof would be prejudicial to other prospective offerors. The State seeks to permit maximum practicable competition. Offerors are urged to advise the Procurement Officer as soon as possible regarding any aspect of this procurement, including this solicitations, that unnecessarily or inappropriately limits full and open competition.

VENDOR IDENTIFICATION

The University must have your Federal ID Number (company) or Social Security Number (individual) before processing any invoices for payment. Failure to provide this information will result in delay of payments until this information is received. Please include this information with your quote.

CONTRACTOR'S OBLIGATION – GENERAL (JAN 2006)

The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements.

LICENSES AND PERMITS (JAN 2006)

During the term of the contract, the Contractor shall be responsible for obtaining, and maintaining in good standing, all licenses (including professional licenses, if any), permits, inspections and related fees for each or any such licenses, permits and /or inspections required by the State, county, city or other government entity or unit to accomplish the work specified in this solicitation and the contract.

RELATIONSHIP OF THE PARTIES (JAN 2006)

Neither party is an employee, agent, partner, or joint venture of the other. Neither party has the right or ability to bind the other to any agreement with a third party or to incur any obligation or liability on behalf of the other party.

MATERIAL AND WORKMANSHIP (JAN 2006)

Unless otherwise specifically provided in this contract, all equipment, material, and articles incorporated in the work covered by this contract are to be new and of the most suitable grade for the purpose intended.

SHIPPING / RISK OF LOSS

FOB Destination. Destination is the shipping dock of the University of South Carolina's designated receiving site, or other location, as specified herein.

WARRANTY – STANDARD (JAN 2006)

Contractor must provide the manufacturer's standard written warranty upon delivery of product. Contractor warrants that manufacturer will honor the standard written warranty provided.

DEFAULT AND TERMINATION

The University may terminate this contract, or any part hereof, for cause in the event of any default by the contractor, or if the contractor fails to comply with any contract terms and conditions, or fails to provide the state, upon request, with adequate assurances of future performance. In the event of termination for cause, the University will not be liable to the contractor for any amount for supplies or services not accepted, and the contractor will be liable to the University for any and all rights and remedies provided by law. If it is determined that the University improperly terminated this contract for default, such termination shall be deemed a termination for convenience. In case of default by the contractor, the University reserves the right to purchase any or all items in default in the open market, charging the contractor with any additional costs. The defaulting contractor shall not be considered a responsible bidder until the assessed charge has been satisfied. In the event that this contract is terminated or cancelled upon request and for the convenience of the University, it may negotiate reasonable termination costs, if applicable.

PROTECTION OF HUMAN HEALTH AND THE ENVIRONMENT

The University of South Carolina requires all contractual activities to be performed in a manner that is consistent with all applicable federal, state, and local laws, regulations, rules, rulings, and ordinances concerning "protection of human health and the environment." These include, but are not limited to: the Occupational Safety and Health Act, the Environmental Protection Act, and the South Carolina Hazardous Waste Management Act

HIPAA LAW

The Contractor agrees that to the extent that some or all of the activities within the scope of this Contract are subject to the Health Insurance Portability Accountability Act of 1996, P.L. 104-91, as amended ("HIPAA"), or its implementing regulations, it will comply with the HIPAA requirements and will execute such agreements and practices as the University of South Carolina may require to ensure compliance. Project Specifications

USC - Strom Thurmond Wellness & Fitness Center

Project #31305.00

The following design documents are for the sole purpose of conveying design intent and are not intended for construction purposes. The fabricator may make recommendations and/or changes to the details as shown in the drawings with written approval of the Owner's representative. The fabricator assumes all responsibility for signage integrity, engineering, field verification and measurements, etc. as part of the bid submittal process.

Sky Design and the Owner shall review all shop drawings for conformance with the design intent of these drawings only and will not be held responsible or liable for any results of construction from working drawings, materials selection, shop drawings, or any other agreements.

REVIEW

- **Site:** The fabricator is responsible for verifying all site conditions with regards to fabrication and installation before manufacture of signage. Any conditions that would impede the proper and timely completion of the work should be presented to the Owner's representative in writing.
- **Sign Location Plans:** Locations shown on the Sign Location Plans are for general placement. The fabricator shall confirm each sign location with the Owner's representative and locate via stake and flag for verification.
- Fabricator shall notify the Owner's representative of any discrepancies in the design documents or graphics schedule as well as discrepancies in field dimensions or field conditions that would require changes in sign construction details. All discrepancies shall be brought to the attention of the Owner's representative.

ENGINEERING

- **Footings:** All footings to be verified by structural engineer as part of scope. Drawings show footings for intent only. An Engineer's Stamp is to be obtained when necessary to comply with permits and/or codes.
- **Wind load:** Exterior signs shall be designed to withstand wind pressure loading to meet or exceed all current code requirements for the state of Georgia/City of Atlanta. Internal framework should also provide maximum capacity to avoid any surface oil canning, curvature, or deviations.
- **Thermal Deformations:** Design, fabricate, and install component parts to provide for expansion and contraction over a temperature range for the material of 150 degrees Fahrenheit (83.3 degrees Celsius), without buckling, oil canning, sealant joint failure, glass breakage, undue stresses on members or anchors, and other detrimental effects.

ARTWORK

All enlarging and reducing of supplied artwork images is the responsibility of the signage fabricator. Any discrepancies after enlarging or reducing vs. original artwork are to be addressed with Owner's representative prior to reproduction. Refer to the design documents for reference as to what artwork will be provided. Sky Design will not submit electronic artwork for contractors use in shop drawings except for custom created logos, icons, typography, etc. Artwork for general fabrication items will not be submitted so please account for this in your time frames and general costs.

SUBMITTALS

Color samples, material samples, submittals, copy layouts, and working drawings are to be provided for approval by the Owner's representative and Owner prior to manufacture. Full size copy layouts will also be required as needed.

- **Shop Drawings** are the responsibility of the fabricator for each of the disciplines contained within and are to include all necessary dimensions drawn to scale, details, internal mechanicals, joint connections, hidden connections, anchorage to footings, section views as needed, etc. These must be submitted and approved prior to beginning any construction. **Scans or copies of the enclosed design documents with contractor title block will not be accepted for approval as working drawings.** The sign fabricator is responsible for all aspects of fabrication including engineering, installation techniques and performance, as well as coordination with site contractors and related trades.
- **Paint:** 3 samples of each color to be submitted on minimum 4" x 4" plate. One will be returned; the others will be retained for file references. All paints used must retain a minimum 5-year warranty for interior and exterior signage. This includes no cracking, flaking, or fading. Exterior paints should be 2-part catalyst hardened urethane, base coat, top coat, satin finish unless otherwise specified.
- **Mock-ups:** samples required for review and approval will be listed on Bid Summary Form.

- **Vinyl:** 3 samples of each color to be submitted as a minimum 4" x 4" submittal. All vinyl is to be 3M Scotchcal graphic vinyl, or Gerber equivalent. First surface application unless otherwise specified on drawings.
- **Inkjet and/or Printed Wallcovering:** 1 proof of each type of inkjet graphic to be submitted at full-size. For large format graphics, a minimum 12" x 12", full size portion should be submitted, along with a smaller-scaled full layout of each design/image. Proofs are to be of equal or greater reproduction quality than the original artwork provided. All inkjet graphics are to be printed on 3M material or equivalent using pigment-based ink to prevent fading and discoloration. If necessary, laminates on printed vinyl are to be 3M material or equivalent. All inkjet graphics to be matte laminated, unless otherwise specified. Warranty information for all inkjet applications to be provided at no less than five years. If a matte laminate is specified for use over printed wallcovering, then a liquid laminate must be used. All submittals must be provided on the material specified, along with the laminate (if specified), for approval.
- **Materials:** 3 samples of each material to be submitted on minimum 4" x 4" plate. One will be returned; the others will be retained for file references.

MATERIALS

- All wood, stone, brick or brick veneer components to be sealed to protect against decay, mildew, and discoloration
- All aluminum components and panels to have a minimum wall thickness of .125" or greater

INSTALLATION

- Post and Panels in concrete or pavement to be installed via core drill footing and backfill.
- All breakaway details to conform to GA DOT standard requirements.
- Exterior ADA signs containing Braille should be produced using exterior grade photopolymer.
- Pin mounted letters should be set in Hilti epoxy or equivalent to deter theft and vandalism. Exterior pin mounted letters should be set in Hilti epoxy or equivalent and sealed with silicone or equivalent waterproofing sealer.
- Signage design and installation for this project must conform to all federal, state, and city regulations and ordinances. It is the responsibility of signage fabricator to submit drawings to the proper agencies for review and approval prior to construction. **It is also the responsibility of the signage fabricator to obtain the necessary permits and approvals prior to construction.**
- Footings to be Georgia stamped engineered footings with backfill as needed.

SIGNAGE PROTECTION

Fabricator to coordinate protection of all signs until punch list is completed by Owner.

Fabricator to be responsible for all equipment used to install signage, including but not limited to lifts, swing stages, equipment vehicles, and temporary attachments. It is the responsibility of the fabricator to ensure that all penetrations into all concrete, precast columns, beams, or building façades do not affect the structural integrity of the reinforcement within. Should damage occur to signage and/or the building structure/façade as a result of the signage installation process, it is the continued responsibility of the fabricator to manage the resolution process with all necessary parties until an agreed-upon solution is reached and damage is repaired. sky design holds zero liability for damages incurred to owner or contractor by owner or contractor on site.

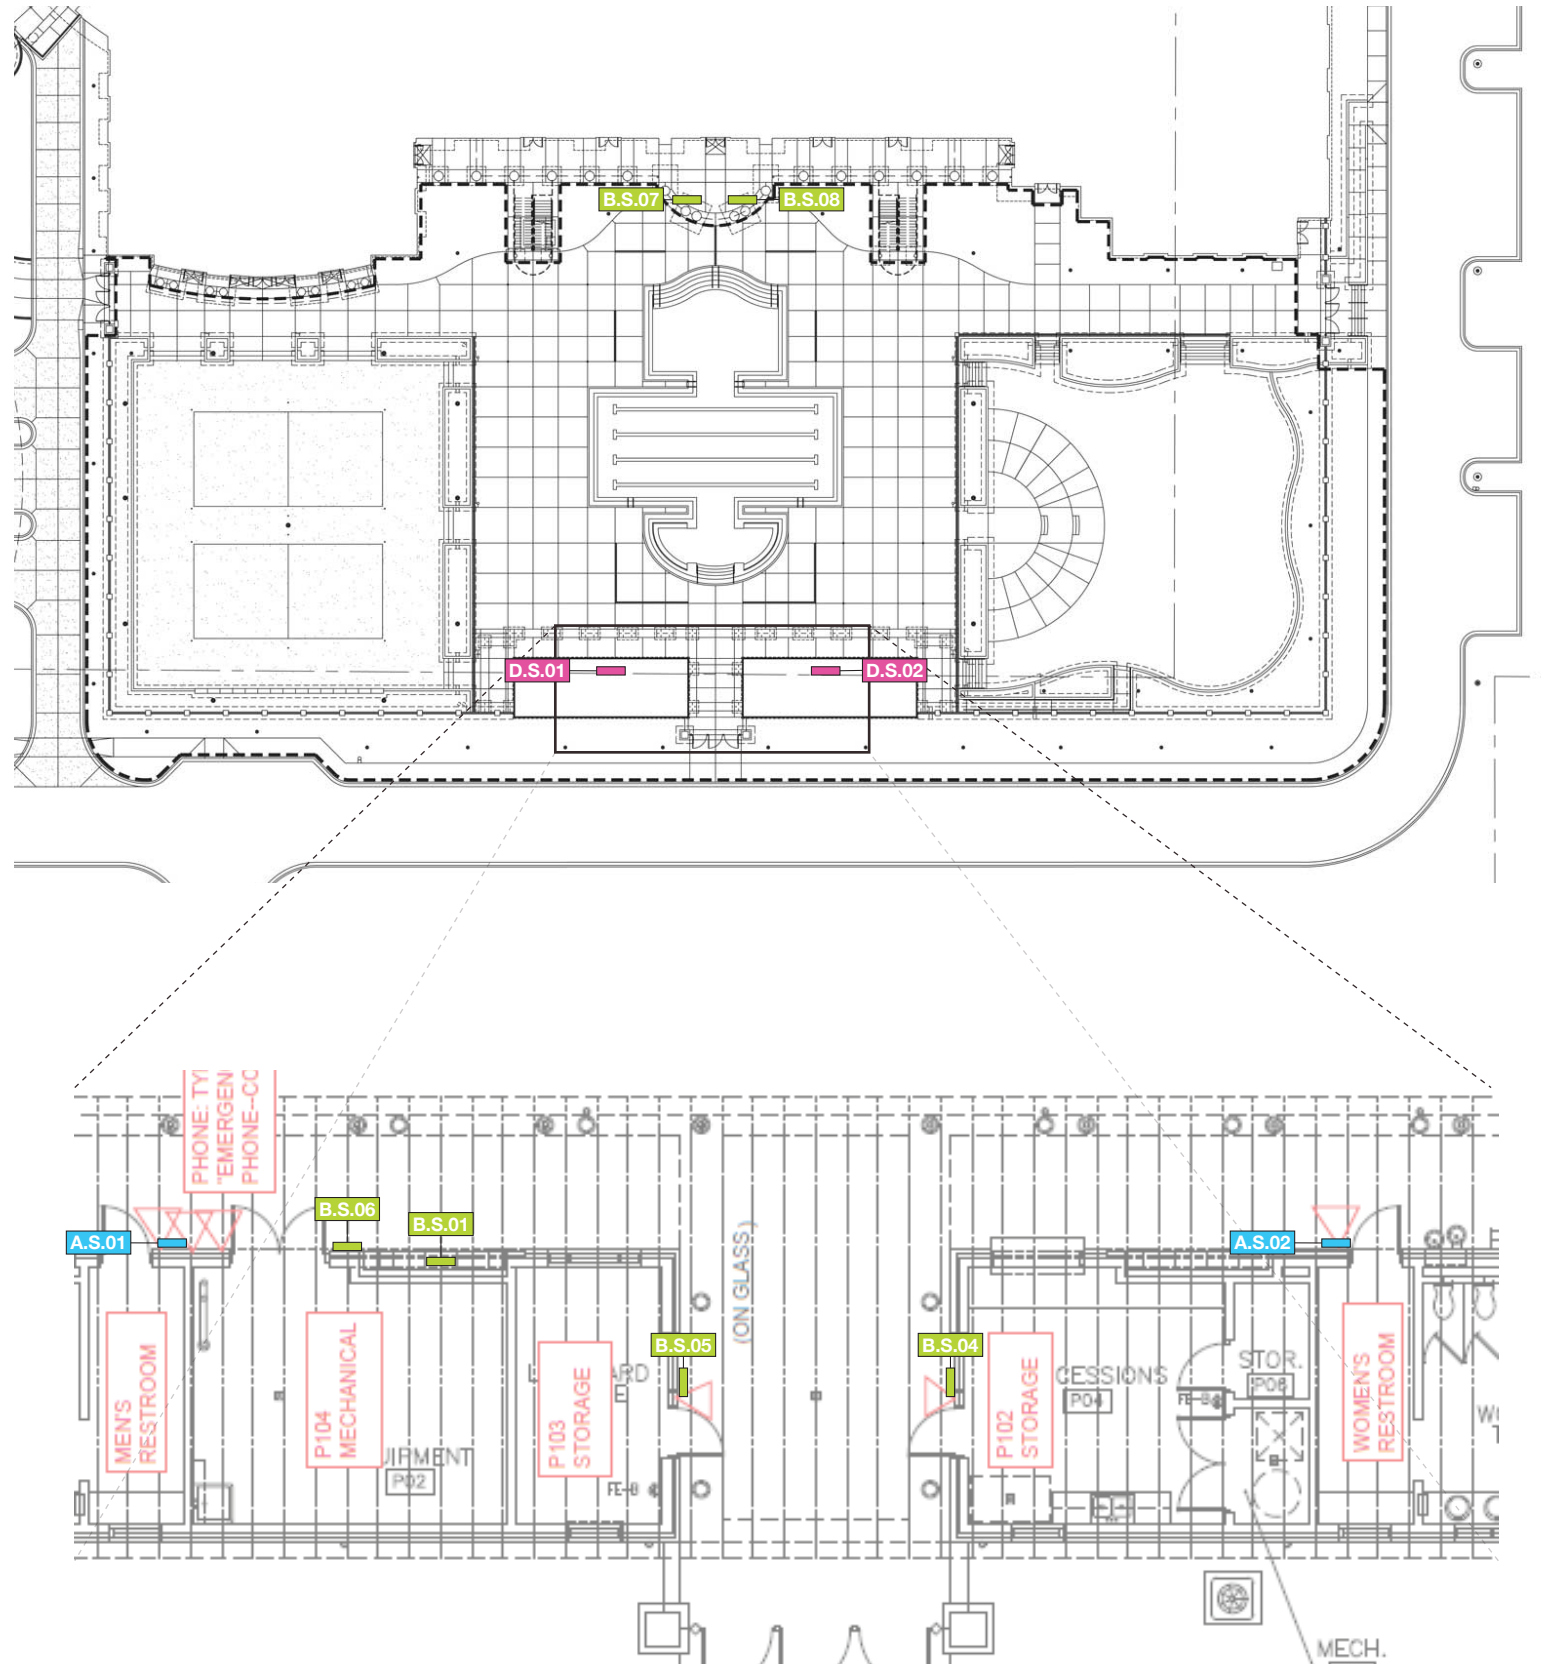

WARRANTY

- Fabricator warrants work against failure due to faulty materials, workmanship, and design for a period of five years from date of substantial completion.
- Fading, cracking, oil canning, peeling, delaminating, rusting, corroding, and structural failure, including distortion, will be construed to mean failure due to faulty materials and workmanship.
- All products, materials, adhesives, paints, etc. shall be covered by standard warranty. Failures during the warranty period shall be repaired or replaced to the satisfaction of the Owner.

PROPRIETARY INFORMATION

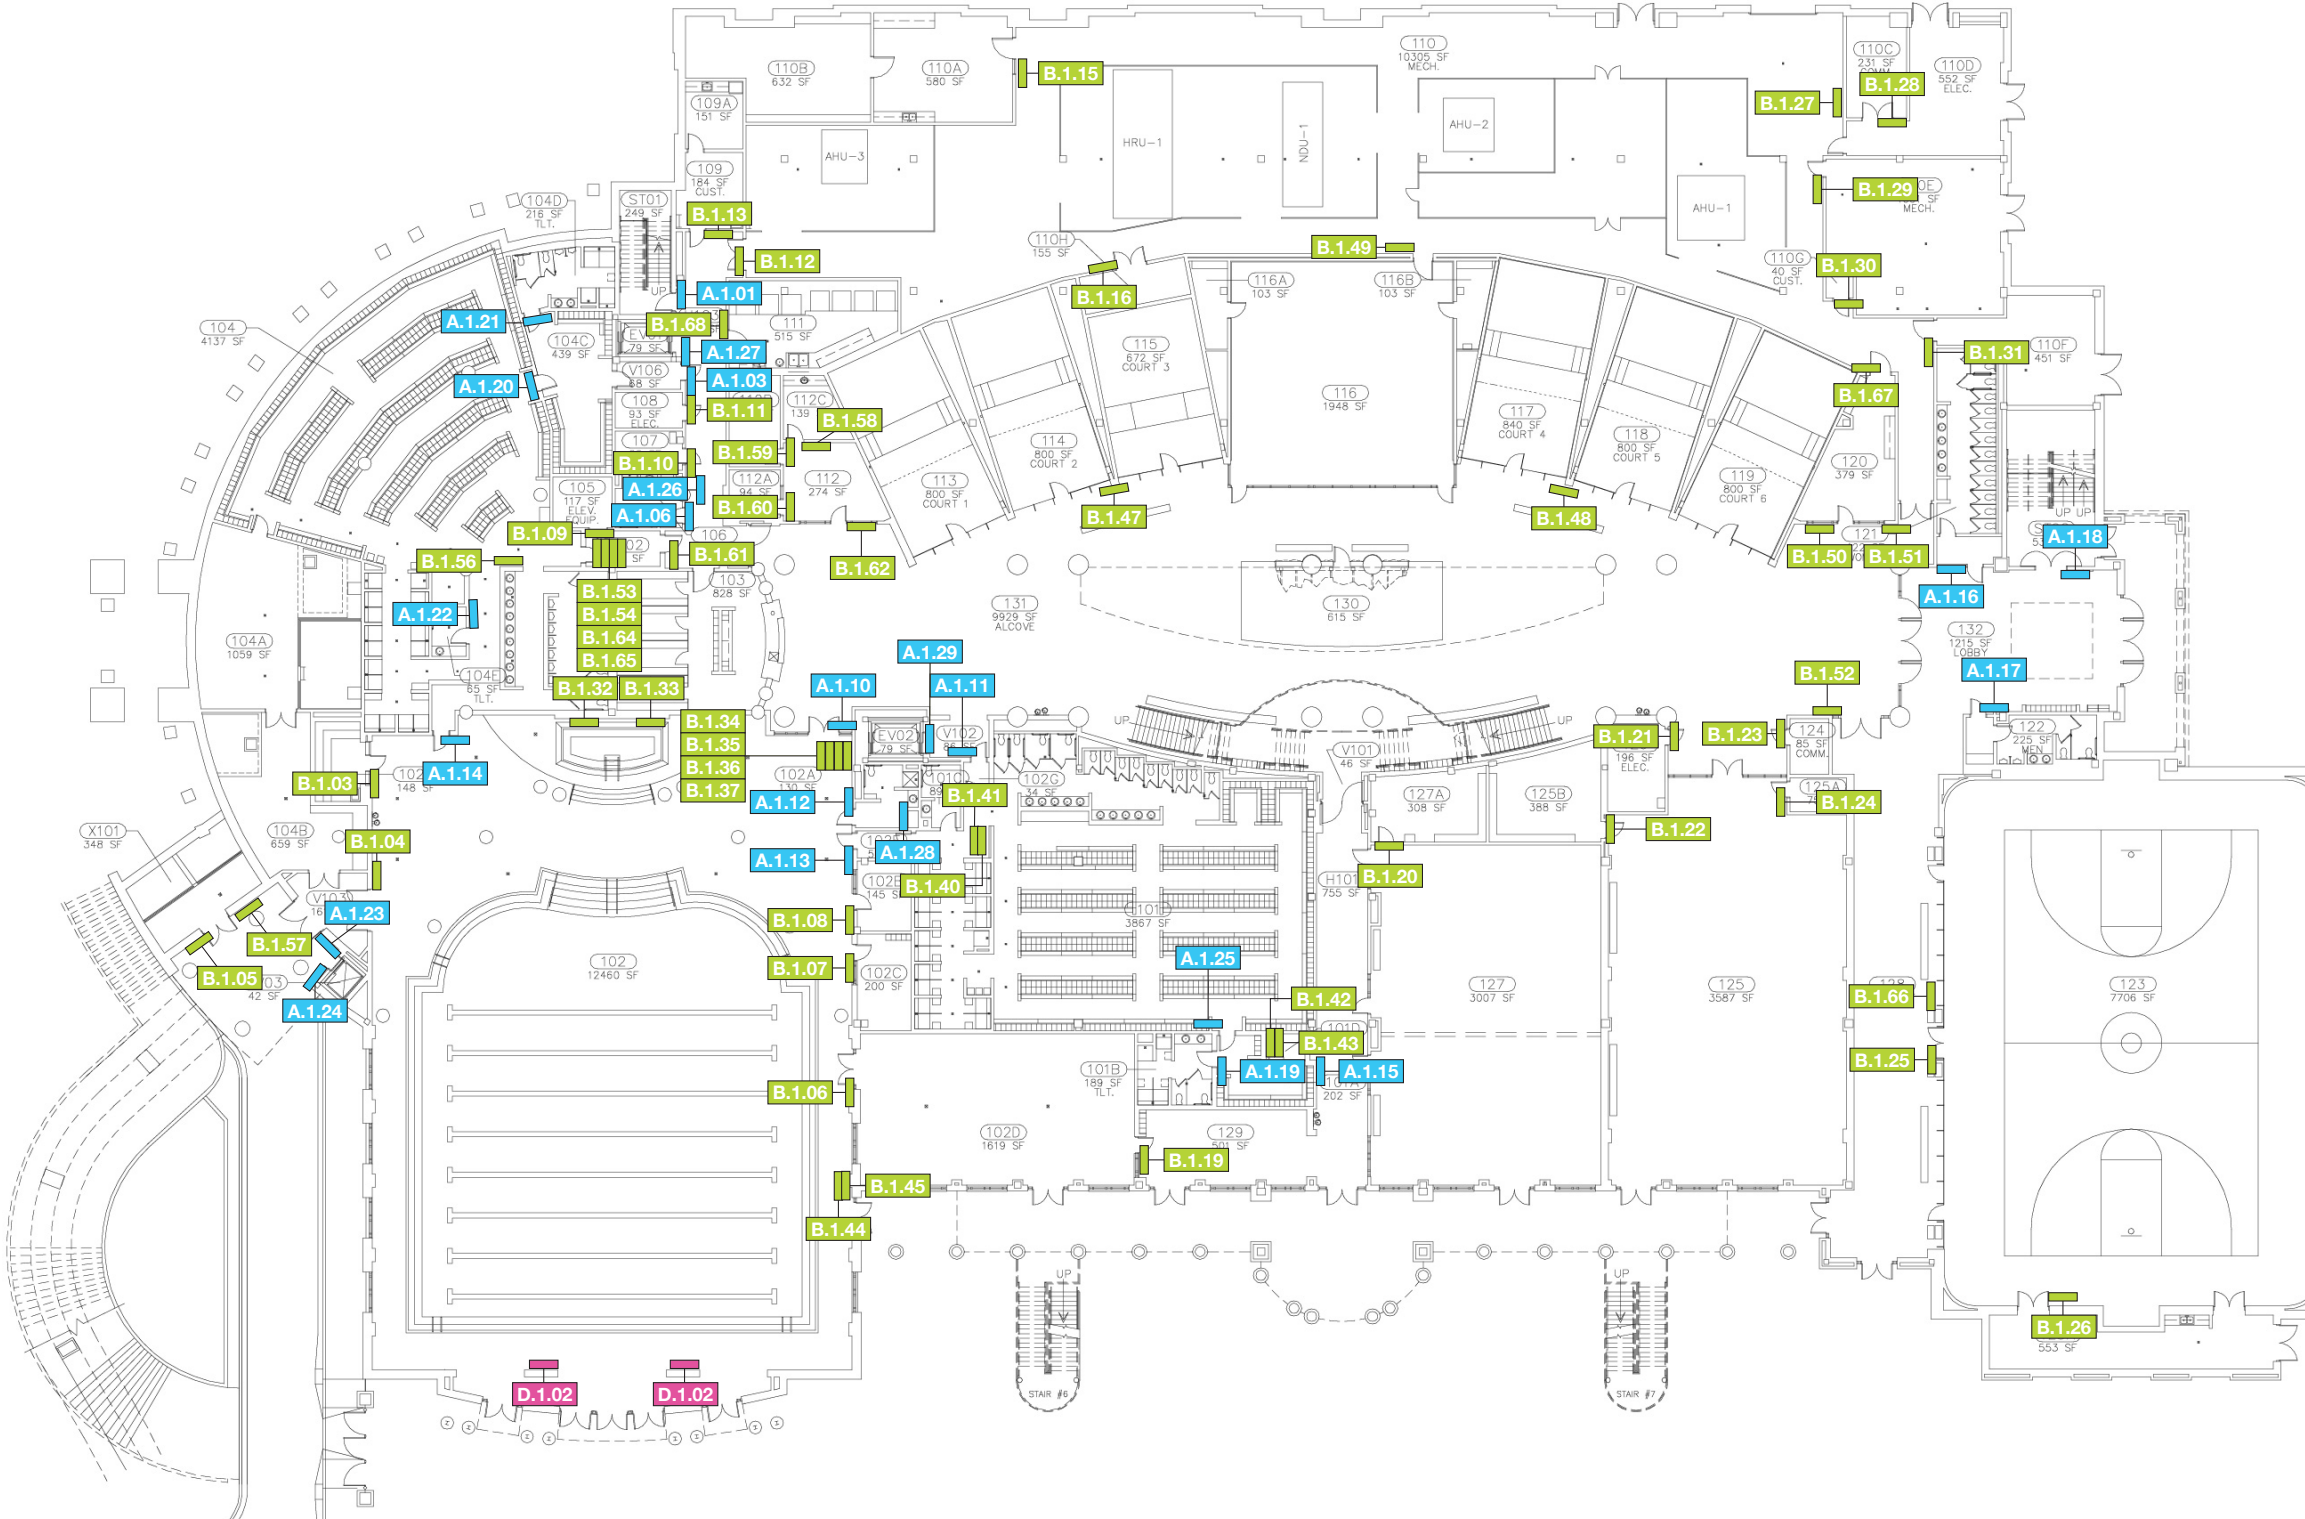

Sky Design shall have the right to include a credit line on completed designs or any visual representation of drawings, models, sketches, photographs, etc. created by Sky Design in the development of this signage program. The credit shall be included in any publication of the designs by the Owner or by others.
