

Project Name: USC Aiken Pedestrian Bridge Sidewalk Connector
Project Number: H29-I350
Addendum One
December 9, 2016

The following items add to, modify, clarify, or otherwise alter the Drawings and/or specifications and will become a part of the Contract Documents. Where a portion of the Drawings and/or specifications is added to, modified, clarified, or otherwise altered, the portion not so affected shall remain. Bidder shall include all effects that these items may have on his proposal.

Questions

1. The electrical box we tie into for the lights is on the opposite side of bridge, and not on construction side ? Yes, the Contractor can tie in on the other side of the bridge; the conduit will need to be routed along the roof of the cage.
2. Also can we put a sleeve under side walk at the 3 light crossings, and place are conduit through them? Yes, a sleeve can be placed under the sidewalk; however, there is an existing sleeve under the sidewalk that is recommended for utilization.
