3882	Apologies that this request is under miscellaneous. We are having a problem with our shower draining properly when on. (This has been since we moved in, and we have noticed that it hasn't let up.) When taking a shower, the water will pool as if we're running a bath, and once the shower is off, it takes several minutes for the shower drain. This causes difficult to properly clean the shower as well. Thank you in advance.	Pacer Commons (928)	0.5	\$7.65	\$0.00	\$0.00	\$7.65

3745	two residents from room 14C came into the pacer downs office at around 7:10 pm complaining about a strong odor of smoke in their dorm. upon personal investigation by the RM Cristen Wheatley it was found that the smell was very similar to that of burning plastic or rubber and could be smelled from outside the building but not in other dorms, just in 14C. upon examining the furnace and water heater in 14C it was observed that there was a steady drip of water from the AC unit onto what the RM believed to be the electrical unit for the AC. There is presently no visible smoke but the smell is very pungent. the AD on duty was contacted and will be by shortly to investigate as well and possibly call the Maintenance worker on-call. At this time (7:50 pm on 8/31/16) no current action has been taken but the situation will continue to be monitored.	Pacer Downs (927)	3.5	\$64.71	\$0.00	\$0.00	\$64.71

4654	I received an email over fall break that our front door had been repaired. The email stated that the door had been repaired prior to their visit to fix the door frame. I do not see how that is possible. There are still 4 screws in the old door frame that I watched the head of maintenance put in. We do not have a new door frame and we were told a week before school started that a new one was being ordered. Prior to move-in for this school year our door had been kicked in. This is an issue for our entire suite due to safety concerns. We were told the door frame would be replaced and it has not been. I'm assuming a new door frame should be here by now seeing it is October.	Pacer Downs (927)	2	\$34.92	\$0.00	\$0.00	\$34.92
4660	The residents do not have any hot water	Pacer Downs (927)	2	\$34.92	\$0.00	\$0.00	\$34.92
4662	Our showers tend to get extremely cold after about 3 or 4 minutes of scalding hot water. I have heard that many of the showers in the Downs community are like that due to alot of usage at one time, particularly at night. I lived in commons last year and could take hour long showers while all other showers were being used around the same time, I don't know if our hot water heater is messed up or if everyone is affected by this. I'm hoping the issue can be resolved, I have tried to take showers at different times but it hasn't changed.	Pacer Downs (927)	1	\$17.46	\$0.00	\$0.00	\$17.46
4663	Our bathtub drain did not drain well at the beginning of the year and now it hardly drains at all. Water pools above our ankles while showering for less than 10 minutes. Mold particles float out of the drain when the water stops up in the shower.	Pacer Downs (927)	1	\$17.46	\$0.00	\$0.00	\$17.46
