Will the movers be allowed to pull smaller trucks up on the side walk to expedite the removal of the furniture? **Yes, they can use box trucks or similar. If they cause damage or ruts to the grass USC will charge for damages.**

The bid states the entrance door must be kept secure at all times. Will the movers be allowed to prop the doors open? Someone will always be close by. **Yes, as long as someone is close by and they are secured at breaks and night. We have had squatters come into the building.**

As stated the Contractor will have access 24/7. Will State Surplus also work those hours to get trailers emptied and returned? **Surplus works 8-4:30pm M-F**

Will the movers be allowed to load the trailers to capacity or do we need to follow the loads in the Scope of Work? **Yes, surplus would like the stoves and fridges on the first two loads and whatever room is left can be filled with remaining items.**

What is the anticipated amount of time it will take Surplus to unload a trailer once the movers have released it? Will an empty be delivered before a full one is removed? **The surplus driver will pick up a full trailer and deliver to surplus, they will turn around and bring back an empty one.**

Also, the inventory overview included with the bid does not list the total number of stoves, refrigerators and hoods to be removed from the building?

Approximately 94 Stoves, 102 Fridges and 94 hoods.

Would you please confirm that the ITEMS TO BE MOVED IN MOVING VENDOR PROVIDED TRUCKS is also included in the Inventory Overview count? **The quantities are provided under :ITEMS TO BE MOVED IN MOVING VENDER PROVIDED TRUCK(S):" on the Inventory page are in addition to the student furniture quantities listed above. To keep the process going we would like the vendor to use an additional box truck to move items to surplus if needed while an empty trailer is being delivered.**
