Questions and Answers

1. For BID Alternates A5/A6/A7, how should we incorporate in our quote? **Bid the Base Bid not the alternates.**
2. In reviewing the drawings and the message schedule some of the sign counts are different. For example on Sign A2 the drawing states quantity 95, but the message schedule has a quantity of 97. Should we go with the higher number? **97 is the correct quantity. If there are any other discrepancies found, bid the higher quantity.**
3. There are (3) alternates for (3) different sign types. Bid form has just 2 boxes: cost of signs and labor/install. Will the bid schedule on page 28 be revised to break out the cost of the Alternates? **Bid the Base Bid indicated and not the Alternates.**
