INSTRUCTIONS TO THE AGENCY:

Provide all mechanical engineering services on an as-needed basis for the University of South Carolina system wide campuses. The term of the Indefinite Quantity Contract (IDQ) is two (2) years, with a maximum contract value of \$500,000.00. A single delivery order has a maximum of \$200,000.00.

The scope of work for this contract may consist of feasibility studies, cost estimating, design documents & specification preparation, as required to design various HVAC & plumbing systems. Many systems will interface with the campus central energy distribution systems, consisting of large boilers, chillers & distribution pumps & piping. Some delivery orders executed under this IDQ may require coordination of work with other University consultants, i.e. architects, engineers, inspection & testing firms, etc.

In accordance with the State of South Carolina Preference for resident design service (SC Code 11-35-3215) all businesses responding shall submit a certification with its response stating whether the business is a resident of South Carolina. The University intends to award up to five (5) contracts.

At the discretion of the University, selected firms could be asked to provide services at any UofSC campus around the state. There will be no travel reimbursement for projects within a 50-mile radius of the principal's office. Small business and Minority participation are strongly encouraged.
