# **Travel Reimbursement Information for Students**

#### **General Reimbursement:**

To get reimbursed for general expenses, complete the <u>Student Reimbursement Form</u>.

### **Planning Upcoming Travel?**

- Submit the following forms depending on your trip:
  - Form 27: Contract for Summer Research/Field Practicum (applicable research/practicum travel)
  - Form 29: Request for Conference/Research Travel (applicable for conferences/research)

Once these forms have been completed and signed, please ensure a copy is given to the Graduate Coordinator.

#### **Important Notes:**

- Reimbursement processing takes several weeks.
- You must submit your receipts within 7 days of returning from travel to receive reimbursement after your trip.
- Meals are reimbursed based on the university's <u>Meals per Diem chart</u>.

### **Need Money Upfront?**

• For travel advances (up to 70% of lodging/meals), complete the <u>Travel Advance Form</u> 10 days before your trip. **Note:** This option is unavailable after departure.

## Transportation:

- The university prioritizes the most cost-effective option.
  - o Driving: Mileage reimbursement is offered (current rate: \$0.67 per mile)\*.
  - Flying: \*If a round-trip flight costs less than your mileage reimbursement, you will be reimbursed for the flight cost.

### **Example:**

- Mileage for a 1,000-mile round trip = \$670 (\$0.67 x 1,000 miles)
- Round-trip flight cost = \$239
  - o In this case, you would be reimbursed \$239 (flight cost) instead of \$670 (mileage).

#### Remember:

- Plan ahead and submit forms on time.
- Keep your receipts for reimbursement.
- Choose the most cost-effective travel option.
