Reviews and Evaluations

- **Peer Evaluations** - Non-tenure track faculty must have a peer evaluation each academic year during the first three years of employment, and should use the *peer evaluation form*. You are responsible for arranging these evaluations by faculty in a higher rank than you, and the evaluator can be outside of your program.

- **Faculty Report of Activities** - Each Calendar year all faculty submit a *Faculty Report of Activities (FRA)* and current CV to the chair's office. The chair’s office sends out a call for FRA reports in December and these are due in January.

- **Outside Professional Activities** - Faculty are required to submit an OPA report each year. The training and link for the web-based submission are located on the *Office of the Provost’s website*. 
Promotion to Senior Instructor- Based on University Policy (ACAF 1.06) persons holding the rank of Instructor are eligible for promotion to the rank of Senior Instructor after six consecutive years of service at the rank of Instructor.

- The chair’s office puts out a call to those eligible for promotion in the sixth year of service and the LLC Faculty will review the files and vote in April. Successful promotions are effective August 16th, the start of the new fall semester.
