

Subject: Information Technology and Policy Committee

Policy Number: A1.24

Date: 8/23/96

Revised: 4/15/16

POLICY

The Information Technology and Policy Committee advises the Director, faculty, and staff in regards to the information technology needs of the School. The Committee examines new developments in technology, assesses the value of such developments, and recommends policies concerning the purchase, upgrading, and removal of equipment in the School. The Committee's responsibilities encompass the technology needs of students, faculty, and staff.

PROCEDURE

The Chair of the Committee will direct the activities of the Committee and appoint one member to record the minutes of each meeting.

See university policies for [acceptable use](#) (IT106) and [IT security](#) (IT300).
