

Subject: Conditional Admission

Policy Number: A5.15

Date: 12/8/06

Revised: 4/15/16

POLICY

An applicant whose credentials do not meet SLIS admission requirements may be considered for conditional admission by the Student Services Committee, once all required admission materials have been received. Removing the conditional admission is contingent on meeting the criteria below.

CRITERIA

Students who are conditionally admitted may only take two courses – SLIS 701 and SLIS 706. Students who pass the Computer Competency Exam may replace SLIS 706 with SLIS 707. A student may not take any other course until he/she completes SLIS 701 and SLIS 706 (or 707) with a grade of “B” or better. Students may take SLIS 701 and SLIS 706 (or 707) concurrently. Once these courses have been completed with a grade of “B” or better, students will be fully admitted into the SLIS program.

Students who earn less than a “B” in SLIS 701 or SLIS 706 (or 707) may not continue the SLIS program. The student's admission to the SLIS program will be cancelled.

See SLIS Policies A5.80, Grade Requirements for Degree Credit, and A1.20, Technology Competency Requirements
