

**AIRBORNE:** Mid-dive, junior Trey Campsmith, jumps and saves the point despite the muddy and wet field. Campsmith originally got involved with Spikeball because of his sister. "My sister got a Spikeball net for her birthday last November, but nobody really knew what it was so it just kinda sat in my garage," Campsmith said. "In January I saw a video on Instagram of people playing and it looked really cool, so I started to get my friends into it." **PHOTO BY** Austyn Keelty
