

SCHC 497: Honors College Independent Research Course

Faculty/Student Contract

This form must be completed by the faculty member and NOT the student. Both the faculty member and the student should collaborate to complete the Research Topic/Title, Research Summary, and Research Objectives. Upon completion, the STUDENT should upload this form on the [Independent Research Course Contract Submission](#) page.

By committing to serve as the faculty of record for this independent research course, you agree to:

- Provide independent research supervision and mentorship that allows the student to engage deeply with the subject matter and learn research procedures appropriate to the discipline.
- Communicate and meet with the student regarding research obligations and to establish shared expectations and an appropriate timeline for completion of the research.
- Submit a course grade for the work completed.

Research Topic/Title:

Research Summary:

Research Objectives:

Please state the activities in which the student will be engaged (i.e. data analysis, literature reviews, lab procedures etc.) and the frequency of these activities.

How will successful completion of the independent research course be determined?
