Mission: We provide comprehensive, family-focused services to prevent and treat child neglect and abuse. We are committed to nurturing trusting, caring relationships between adults and children in South Carolina.

Geographic area covered: Richland, Lexington, Fairfield, Newberry and Kershaw counties.

Services Provided (note if in Spanish):

Behavioral Health Services

- Our rehabilitative behavioral health services includes a variety of individual, family and group services along with services to promote skill building.

Family Reunification

- A specially designed program in conjunction with The Department of Social Services for families wishing to reunite with their children. Families are provided with therapy, skill building, supervised visitation and transportation.

TF-CBT

- Trauma-Focused Cognitive-Behavioral Therapy (TF-CBT) is a well-supported, evidence based treatment for children/youth and their non-offending caregivers who have been exposed to abuse, violence, and other potentially traumatic events.

Daily Programming

- Services include education, therapies and proficiencies in skills. Many of these services are evidenced based or promising practice

Home Based Services

- At times our clients need us to come to their home to provide many of the above services.
