**Committee Membership
2015-2016**

Authority

Except as otherwise required by USC and/or LCME regulations and policies (e.g., the Student Academic Responsibility Committee, Admissions Committee, Curriculum Committee), all committees and subcommittees are advisory to the Dean and operate in accord with the policies and procedures contained in the USC *Faculty Manual*. All chairs of committees must be faculty.

Selection of student members

At the mid-point of the spring semester, the Assistant Dean for Student Affairs sends each enrolled medical student a memorandum in which student self-nominations for service on School of Medicine committees and subcommittees for the next academic year are sought. The Assistant Dean for Student Affairs, in consultation with other personnel in the Office of Medical Education and Academic Affairs, assesses each interested student's eligibility for service, as well as his/her area of personal interest and ability and his/her willingness to serve prior to informing the Dean of eligible nominees. The Associate Dean for Medical Education and Academic Affairs then selects student members of committees and subcommittees from the list of eligible nominees. To be eligible to serve on School of Medicine committees and subcommittees, a student must be currently enrolled and in good academic standing; no student repeating an academic semester or year is eligible for service on School of Medicine committees or subcommittees until the repeat semester/year has been completed successfully.

Other USC and SOM committees

The revised committee structure does not relate to membership on other committees of USC, the SOM Educational Trust, of SOM-affiliated hospitals, or the SOM strategic planning process. The process of selection for membership on these committees is distinct from the selection process for faculty, administrative, and joint faculty/administrative committees.

Nomination/election process

The Faculty Representation Committee is responsible for developing and administering the procedures for nomination and election of faculty members to committee and subcommittee places designated for elected members. The Faculty Representation Committee will advise the Dean on the selection of faculty members for committee and subcommittee places designated for appointees. It is expected that each faculty member under consideration for nomination for an elected committee and subcommittee position will, prior to the election, discuss his/her nomination with the chair of his/her department.

Voting privileges

All faculty, students, administrators, and non-faculty SOM staff members, who are members of SOM committees and subcommittees, whether elected, appointed, or ex-officio, are eligible to vote unless otherwise specified. Consultants and other individuals specifically identified as staff to committees and subcommittees are not eligible to vote.

[N.B. In the USC *Faculty Manual*, “faculty” is defined as “the President, the Provost and all academic vice presidents and academic associate and assistant vice-presidents; all deans, associate and assistant deans of all schools and colleges; professors, associate professors, assistant professors, all full-time academic instructors and full-time lecturers who are not degree candidates at the University of South Carolina; visiting faculty members, emeriti faculty members, the Vice-President for Student Affairs, Director of University Libraries, professional librarians, Director of Admissions, and such other persons as the faculty sees fit to elect.”

Additionally, “the following members of the faculty shall have the right to present motions and to vote: the President, the Provost, the academic vice presidents, the deans of schools and colleges, chairs of academic departments, professional librarians, full-time faculty in ROTC programs, and those regularly appointed professors, associate professors, assistant professors, and any administrative official who has tenure as a faculty member.”

Finally, “the faculty of a college, school, or department shall consist of all its members having the rank of professor, associate professor, assistant professor, and all full-time instructors and part-time lecturers. Voting rights within a college, school, or department are based upon the same standards as in the University faculty.”]

Minutes of committee and subcommittee meetings

The Chair of each committee and subcommittee will ensure that minutes of each meeting are kept and distributed to committee and subcommittee members. In addition, records of attendance at committee and subcommittee meetings should be kept for each member. July is designated the first month of the academic year, and June is designated the final month of the academic year.

I. Committees related to the University of South Carolina

Committees mandated by the University of South Carolina *Faculty Manual*

APPENDIX 1

SOM Committee Membership Recusal Policy May 2015

Purpose: The purpose of this policy is to formally state those instances when committee members should recuse themselves from voting on actions specifically aimed at applicants and current students in the School of Medicine.

Rationale: While participation, particularly of faculty, on SOM committees is not only encouraged, but necessary for the SOM to function and conduct business; there are instances, specifically involving actions concerning applicants or current students, where the faculty member is expected to recuse his/herself from voting. This is necessary to protect the applicant/student from unfair bias in the process. While the list of committees and potential conflicts is not meant to be all inclusive it is expected that committee members will exercise good judgement and will recuse themselves from the committee prior to the discussion of the applicant/student. A faculty member's recusal should be noted as part of the official minutes of the committee meeting.
