

Accessing Internal Website/My School of Medicine

The internal site, known as “[My School of Medicine](#),” is designed to house the operational information that School of Medicine students, faculty and staff need to access. This is the “how” information that is not as relevant to our external audiences. This is where you will find policies and documents, such as information about Tenure and Promotion. This site can be used as a resource to house information that you regularly receive questions about. **The internal site also has the link to the School of Medicine webmail portal and links to other technology resources.**

Below is what the internal site homepage looks like. You can tell you are on the internal site because of the “My School of Medicine” title on the top and the highlighted “My School of Medicine” in the navigation menu.

- About the School
- My School of Medicine**

Our school has emerged as a national leader in primary care medical education, pioneering research and innovative patient care in South Carolina and beyond.

Education »
We offer both an M.D. program as well as a number of research-focused and clinical graduate programs. Our students enjoy the benefits of small class sizes with all of the resources of a major research university and partnerships with comprehensive health care systems.

Research »
Our programs take full advantage of the University of South Carolina's status as a Tier 1 research university. Our students have access to state-of-the-art technology both on the medical school campus and on the larger university campus. Students also have access to faculty mentors who are eager to collaborate with students.

Upcoming Events

- Healthy Strides 5K and Health Fair** APR 07
- Alumni and Dean's Awards Dinner** APR 19
- School of Medicine Commencement** MAY 14
