Our Goals for 2030

Four goals have been defined, based on our mission and vision:

1. **Educate** students who are advocates for transforming health care delivery and who embrace lifelong learning
2. **Drive innovation** in teaching, research, patient care and community wellness
3. Accelerate national **recognition** for our:
 - Creative education
 - Research that impacts patient care
 - Innovative multidisciplinary approach to care delivery
 - Lasting impact on our community
4. Sustain financial health by mastering **operational efficiency** while maintaining quality programs

Strategic Initiatives

Each goal is broken down into:

1. Advocating Lifelong Learning

- Attract high-quality students with emotional intelligence and intellect
- Educate innovatively, creating a culture of lifelong learning and discovery
- Graduate students well prepared for post-graduate training

2. Driving Innovation

- Increase capacity through talent acquisition, professional development, expanded infrastructure and enhanced collaborative space
- Use technology to engage our students, faculty, staff and patients
- Leverage Health Sciences Center (HSC) partnerships

3. Enhancing Recognition

- Become *the place* to work and learn in Greenville and the Upstate
- Inspire all who work and learn here with a spirit of innovation and collaboration
- Engage in focused external communication
- Develop engagement strategies that will provide a meaningful and lasting impact on our community

4. Sustaining Excellence

- Recruit, develop and retain top-quality faculty and staff
- Cultivate an inclusive culture that welcomes diversity
- Develop and implement transparent practices for resource utilization
- Identify new and expand existing revenue and resources to support operations
- Foster collaboration across departments and entities to include HSC partners
