

Ozgur Sahin, associate professor in Drug Discovery and Biomedical Sciences, along with his team recently published an article in Nature Communications on their research targeting a chemotherapy-resistant protein in breast cancer. [Read more ...](#)

From the Dean's Desk

As we continue to navigate this challenging time, I am proud to share that our College of Pharmacy will have a significant role in COVID-19 testing for our Gamecock community thanks to the outstanding research efforts led by Phillip Buckhaults, associate professor in Drug Discovery and Biomedical Sciences, along with Michael Shtutman, associate professor and Michael Wyatt, professor. Thank you to Nephron Pharmaceuticals Corporation and alumni Lou and Bill Kennedy for donating a robotic liquid handler supporting these efforts. [Read the complete story here.](#)

Be safe. Stay well.
