

Athletic Training Fellowship Application for 2020-2021**Master of Science in Athletic Training**

The University of South Carolina Athletic Training Program is excited to offer multiple AT Fellowships to support outstanding graduate students interested in the AT Program. Each fellowship for the 2020-21 academic year is for \$750 dollars and comes with an out-of-state tuition waiver for non-South Carolina residents. If you are unsure about your current SC residency status, please see link for more information: https://www.sc.edu/about/offices_and_divisions/registrar/residency_and_citizenship/residency/residency_requirements/index.php or contact Dr. Mensch. Each fellowship is for one year (1st year students only) and all students are expected to begin establishing SC residency upon their arrival to UofSC.

AT fellowship decisions will be based on a video submission (see below), as well as your previous application materials.

Deadline for submission is **March 22, 2020**.

Directions for Video Submission:

Students will submit a 2-3-minute video highlighting accomplishments and reasons for attending the University of South Carolina AT Program. Students should use this video as an opportunity to:

- Help AT Program faculty to get to know you
- Demonstrate the importance of getting a MS in Athletic Training degree at South Carolina
- Explain the impact an AT fellowship would have on you
- Hear your story

To submit, please upload to YouTube and send the link to Dr. Mensch at jmensc@mailbox.sc.edu by **March 22, 2020**. Students will be notified about fellowships by April 1, 2020.

Directions for how to load a video on YouTube can be found here:
