2005-2010 **Member of Editorial Board**, Journal of Gerontology Medical Sciences.

2002-2011 **Consultant**, United Nations Children’s Fund, regarding the development of measure and indicators of family caring practices and programs on infant and young child feeding.

- 1996-2010 **Member of Advisory Group**, World Health Organization, for Multicentre Growth Reference Study to develop new international growth standards for infants and children.
- 2007-2008 **Member of Research and Evaluation Advisory Committee**, ZestQuest Program, Greenville, SC.
- 2007-2008 **Paul Rodgers Ambassador for Global Health Research**, Research!America, Washington, DC.
- 2006 **Technical Advisor**, Bill and Melinda Gates Foundation, for the development of the Foundation's nutrition strategy
- 2005-2007 **Consultant and Delegate**, World Health Organization Expert Meeting on Childhood Obesity: A contribution to the implementation of the global strategy on diet, physical activity and health, Kobe, Japan, June 2005, and United Nations University Expert Meeting on Development of an International Growth Standard for Preadolescent and Adolescent Children, Geneva, January 2006.
- 2004-2006 **Panel Member**, National Research Council, Committee on Statistics, on measurement of household food insecurity and hunger.
- 2004 **Panel Member**, United States Department of Agriculture/Food and Consumer Service, to examine possible relationship between obesity and participation in food assistance programs.
- 2003-2004 **Consultant on Program Monitoring and Evaluation**, World Bank, on issues regarding the evaluation of interventions in West Bank/Gaza Strip and Bangladesh.
- 2002 **Consultant on Infant Growth**, Food and Drug Administration, on analysis of growth data for purposes of evaluating infant formula.
- 2001-2007 **Member of Editorial Board**, Journal of Nutrition.
- 2000-2006 **Consultant on Infant Feeding**, Pan American Health Organization.
- 1994-1997 **Team Member**, United States Department of Agriculture/Food and Consumer Service, for the preparation, analysis, and reporting of Current Population Survey module to provide the first national measure of hunger and food insecurity.
- 1992-1996 **Member of WHO Working Group on Infant Growth**, World Health Organization Subcommittee on Physical Status: The use and interpretation of anthropometry. .
- 1997-1999 **Consultant on Forecasting**, World Health Organization Nutrition Programme, to provide forecast of worldwide and regional trends in child malnutrition.
- 1997-1998 **Consultant on Child Growth**, United Nations Administrative Coordinating Committee, Subcommittee on Nutrition, to provide analysis of worldwide and regional trends in child malnutrition, and write chapter on child growth and development for Third Report on the World Nutrition Situation.
- 1989-1993 **Consultant**, Norwich Eaton Pharmaceuticals, Inc. Norwich, NY, to provide statistical expertise for clinical research studies of potential nutritional therapeutic agents for treatment of diarrhea in AIDS patients.
- 1987-1988 **Consultant**, EMK, Inc., Tampa, FL, to complete review of clinical research study of an erogenic fluid-and electrolyte-replacement beverage.

- 1977-1980 **Research Assistant**, Division of Nutritional Sciences, Cornell University, to collect and analyze data for projects on ultrasonic body composition assessment and high-altitude mothers and infants.
- 1975-1977 **Research Technician**, Department of Entomology, University of Massachusetts, to conduct an ecological and behavioral study of a wasp parasite of gypsy moth.
- 1974 **Research Assistant**, Brookhaven National Laboratory, to conduct a comparative soil study of forest succession.

Administrative Positions

- 2016-present **Director**, Global Health Initiatives, Arnold School of Public Health, University of South Carolina
- 2006-2016 **Chair**, Department of Health Promotion, Education, and Behavior; Arnold School of Public Health, University of South Carolina
- 2001-2005 **Director**, Program in International Nutrition, Division of Nutritional Sciences, Cornell University.
- 1998-2001 **Co-Director**, Program in International Nutrition, Division of Nutritional Sciences, Cornell University.
- 1991-2006 **Director**, Office of Statistical Consulting, Division of Nutritional Sciences, Colleges of Human Ecology and Agriculture and Life Sciences, Cornell University.
- 1983-1991 **Director**, Computing and Statistics Center, Division of Nutritional Sciences, Cornell University.
- 1983-1991 **Research Scientist**, New York State Nutrition Surveillance Program at Cornell University.

Teaching Experience

- 2017 **Advanced Evaluation of Health Promotion Programs.** Three-credit course for 12 graduate students in spring.
- 2010-2014 **Public Policy and Advocacy.** Co-taught 30-hour training course at the National Institute of Public Health, Cuernavaca, Mexico (four times) attended by a total of 132 researchers and practitioners from the Institute and from multiple public agencies in Mexico and Latin America.
- 2009-2016 **Current Trends in Developing World Health: Responding to Global Health Challenges.** Three-credit course for 8-18 graduate and selected undergraduate students each spring.
- 2007-present **Doctoral Seminar.** Co-taught weekly seminar for 9-14 doctoral students on aspects of professional development each semester.
- 2001-2005 **Analysis of Longitudinal Data.** Taught 32-hour training course at the National Institute of Public Health, Cuernavaca, Mexico attended by 30 researchers from the Institute and from Mexico City (two times), at the International Centre for Diarrhoeal Disease Research in Bangladesh attended by 17 researchers from several developing countries (two times), and at Cornell University attended by 42 researchers (one time).

- 2000-2001 **Training on Application of Statistics and on Epidemiology in Food and Nutrition Research.** Taught two three-day training courses at the Institute of Nutrition, Mahidol University, Thailand, each attended by 35 nutrition researchers from throughout Thailand. Consulted with groups of researchers at the Institute of Nutrition.
- 2000 **International Training Workshop on Research Methodology.** Co-taught an eleven-day training course on epidemiological and biostatistical methods in Bangladesh for 12 researchers from several developing countries sponsored by the International Centre for Diarrheal Disease Research, Bangladesh.
- 1998-2005 **Epidemiology and Health of Human Communities.** Three-credit course for 25-35 advanced undergraduates and graduate students that examined role of epidemiology in understanding, assessing, and improving health and nutrition of human communities.
- 1996-2006 **Undergraduate Empirical Research.** One to three credit independent courses in research on (1) food insecurity and psychological outcomes, (2) complementary foods and infant outcomes, (3) eating habits and chronic disease, (4) food insecurity and depression, (5) complementary feeding of infants, (6) maternal and child nutrition in Pakistan, (7) maternal-child interactions, (8) food insecurity across locations and cultures, and (8) anthropometric assessment of children. Thirty-three students total.
- 1992-1998 **Applied Regression Methods.** Three-credit, second statistics course taught each Spring for about 20 graduate students needing to apply regression methodology in epidemiology, nutrition, health, human services, human development, or program intervention.
- 1995-1997 **Epidemiology and Public Health.** Special topics seminar, one credit, averaging about 12 graduate and undergraduate students, Spring and Fall. Read and discuss current literature on epidemiologic theory, methods, and research findings related to various public health topics.
- 1994-present **Guest Lectures.**
 Nutrition Problems in Developing Nations: Assessment of child growth, food insecurity
 Human Biology and Evolution: Epidemiology of child growth
 Food and Nutrition Action in a Social Context: Growth monitoring and promotion
 Measurement for Program Evaluation and Research: Application of factor analysis
 Public Health Nutrition: Food insecurity, Public nutrition
 Nutritional Epidemiology
 Program Planning, Program Evaluation
- 1993-2005 **Summer Research Institute in Child Abuse and Neglect.** Provided intensive consulting in research design and analysis and seminars on advanced statistical methods to 16 participants during annual week-long program given by the Family Life Development Center at Cornell.
- 1986-2004 **Seminars in Research Methods.** Seminar series for faculty and students in the Cornell University College of Human Ecology on the design and analysis of longitudinal studies, methods for handling dropouts, structural equation modeling, multi-level modeling, designing questionnaires, principles for validation of methods, multinomial logistic regression, and proportional hazards regression.

- 1994, 2001, 2005 **Epidemiologic Methods.** Special topics seminar, three credits, five students, Fall. Presented in seminar form material appropriate for third-semester graduate students in epidemiology.
- 1994 **International Food Security.** Special topics course, two credits, one student, Spring.
- 1992 **Multiple Regression.** Five lectures on regression methods for Cornell Food and Nutrition Policy Program/UNICEF Training Program, August.
- 1990-1991, 1995 **Applied Statistics in Nutrition Research.** Lecture to undergraduate honors students.
- 1989-1990 **Applied Multiple Regression.** Ten-hour course for second-semester graduate students covering: making concept maps, modeling, linear regression, logistic regression, and proportional hazards regression.
- 1989-1993 **Anthropometric and Body Composition Assessment.** Lectures to undergraduate students and training of graduate teaching assistants, two-hour demonstration and instruction in use of software for graduate course, six hours of lecture and laboratory for graduate course.
- 1983-1991 **Basic Concepts and Tools for Processing Research Data.** Four-hour course for beginning graduate students covering: the research process, basics of computing, data construction, and basics of statistical packages.
- 1983-1989 **Guest Lectures.**
Maternal and child nutrition: Nutrition and athletics
Maternal and child nutrition: Nutrition and child hyperactivity
- 1978 **Growth and Development.** Teaching Assistant, Division of Nutritional Sciences, Cornell University. Moderated weekly discussion section for undergraduate course.
- 1975 **Ecology.** Undergraduate Teaching Fellow, Brown University. Moderated weekly discussion section for undergraduate semester course.

Outreach and Extension Experience

- 1998-2003 **Special Project Leader,** Division of Nutritional Sciences, Cornell University, to direct project to increase the implementation and effectiveness of nutrition education in the WIC Farmers Market Nutrition Program by creating and evaluating innovative video and other teaching tools.
- 2000 **Topical Expert,** Cornell Cooperative Extension, to prepare background document and dialogue on new reference charts for assessing the growth of children for the Web program *Ask the Nutrition Expert*.
- 1981-1992 **Evaluator of Extension Nutrition Education Programs,** Division of Nutritional Sciences, Cornell University, to revise text material of *Nutrition Comes Alive*, a K-6 and Food Service nutrition program for elementary schools, and *Nutrition for Life*, a nutrition program for grades K-12, and to help conduct evaluation of *Nutrition for Life* and *Take Charge of Your Heart Health*.
- 1981-1983 **Extension Associate,** Division of Nutritional Sciences, Cornell University, to direct a research and evaluation project concerned with the funding of nutrition education programs in schools, to act as state-wide Extension leader for maternal

and child nutrition, and to serve as state-wide Extension leader for nutrition and physical activity.

- 1980-1981 **Extension Associate**, Division of Nutritional Sciences, Cornell University, to conduct a field evaluation of *Nutrition Comes Alive*, an educational program for elementary schools and serve as state-wide Extension leader for nutrition and physical activity.
- 1978-1979 **Extension Assistant**, Division of Nutritional Sciences, Cornell University, to assist with the development of *Food Experiences for Young Children*, an Extension program for pre-school children and contribute a chapter *Songs About Food*.

University Committees and Task Forces

- 2017 University of South Carolina Conflict of Interest Committee
- 2016 Search Committee for faculty position placed at Greenville Hospital System
- 2015-present Planning committee for university Global Health Initiative
- 2011 Co-Chair of search committee for director of Prevention Research Center
- 2010-2011 Leader of Nutrition Task Force for strategic planning in research
- 2010-2011 Search Committee for chair of Health Services, Policy, and Management
- 2010-2011 Search Committee for chair of Epidemiology and Biostatistics
- 2009-present University International Advisory Committee
- 2007-2010 Steering Committee for Health Sciences Research Core
- 2007-present Steering Committee for Center for Research in Nutrition and Health Disparities
- 2006-2013 Doctoral Committee for Health Promotion, Education, and Behavior
- 2007-2009 Search Committee for Dean of the Arnold School of Public Health
- 2007-2008 University Faculty Excellence Initiative Review Committee
- 2007-2008 University Faculty Development Task Force, Faculty Mentoring Committee
- 2007-2008 Steering Committee for South Carolina Public Health Institute
- 2007-2009 Arnold School of Public Health Student Awards Committee
- 2006-2009 Chair of faculty search committees for Health Promotion, Education, and Behavior
- 2006-2008 Arnold School of Public Health Research Advisory Council
- 2003-2006 Advisory Committee for Roybal Center for Translational Research on Aging
- 2002-2006 Division of Nutritional Sciences World Wide Web development committee
- 2002-2006 Division of Nutritional Sciences Safety Committee
- 2002-2005 Field of Nutrition recruitment committee
- 2002 Planning committee for faculty position related to nutrition disparities
- 2001-2006 Executive committee for the Department of Statistical Sciences
- 2001-2003 Steering committee for Einaudi Center for International Studies
- 2001 Search committee for faculty position related to nutrition disparities
- 2001 Ad hoc tenure committee for College of Agriculture and Life Sciences
- 1999-2001 Field of Nutrition Admissions Committee
- 1997-1998 Task Force for Selection of New Division Director
- 1996-1999 Field of Nutrition Seminar Committee
